Receipts and Expenditures From Local Courthouse Construction Funds

JANUARY 2022

JUDICIAL COUNCIL
OF CALIFORNIA

County Reporting on Local Courthouse Construction Funds

The Trial Court Facilities Act of 2002 (Sen. Bill 1732 (Escutia); Stats. 2002, ch. 1082) requires counties to report receipts to and expenditures from local courthouse construction funds. Government Code section 70403 mandates that each county submit a report to the Judicial Council's Administrative Director of all local courthouse construction fund receipts and expenditures from January 1, 1998, to December 31, 2005.

Counties retaining funds to pay bonded indebtedness must submit to the Judicial Council and the Director of Finance annual updates of all receipts and expenditures within 90 days after the end of each fiscal year. Section 70403 further requires the Judicial Council to submit a report to the Legislature on the information received from the counties regarding the status of local courthouse construction funds. This report covers the period from July 1, 2020, to June 30, 2021.

Government Code section 70402(a) requires that any amount in a county's local courthouse construction fund be transferred to the State Court Facilities Construction Fund at the later of the following dates: (1) the date of the last transfer of responsibility for court facilities from that county to the Judicial Council, or December 31, 2009, if there is no outstanding bonded indebtedness; or (2) the date of the final payment of the bonded indebtedness for any court facility paid from that fund is retired.

Below is a summary of the status of the 58 counties' courthouse construction funds as of June 30, 2021:

- Thirty-two counties have closed out their local courthouse construction funds in accordance with statute.
 - During this reporting period - El Dorado, ceased collection of courthouse construction funds by amending its board of supervisors' resolutions in the reporting year. The county remitted a fund balance of \$298,000 to the State Court Facilities Construction Fund after all its project commitments were completed.
- Twenty-six counties continue to report their courthouse construction funds as statutorily permitted because they have bonded indebtedness or approved outstanding projects for which the funds are used.
 - Five of the 26 counties have concluded their bonded indebtedness. Four of the five (Humboldt, Lassen, Napa, and Ventura) had concluded in prior reporting periods and are working with the Judicial Council staff to remit their balances to the State Court Facilities Construction Fund. During this reporting period San Francisco county concluded their bonded indebtedness.

County Reporting Under Government Code Section 70403(b) for July 1, 2020, through June 30, 2021

As required by statute, the Judicial Council received reports on the condition of local courthouse construction funds from 25 counties that have outstanding bonded indebtedness for the reporting period from July 1, 2020, to June 30, 2021. All reports have been received as of October 1, 2021 and were analyzed for compliance with section 70403(b) (reference Attachment A).

As reported by the 26 counties, the local courthouse construction fund receipts totaled \$21.8 million and expenditures totaled \$36.2 million for fiscal year 2020–21. One county, Lassen, did not submit their revenue and expenditure data. The Judicial Council is working with the county to obtain the required information for the next reporting period.

Status of Reviews

When a county submits its annual report on the condition of its local courthouse construction fund, Judicial Council staff review the report to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verifying that outstanding debt service still exists. If the Judicial Council concludes, based on the information provided, that a county made an expenditure not permitted by statute, the Judicial Council will notify the county and the Department of Finance of the amount due for repayment to the state. Pursuant to Government Code section 70403(d), no repayments have been identified for fiscal year 2020–21.

County Reporting for All Prior Reporting Periods

Based on the reports received from the counties for these reporting periods, there is no update to the previously reported receipts and expenditures. All reports follow the requirements of the statute for the reporting period. No further detailed reviews will be conducted on reports beyond fiscal year 2014–15 unless warranted. All prior reports are available on the California Courts website, “Legislative Reports” webpage, at www.courts.ca.gov/7466.htm.
