Re: Semiannual Report on Judicial Branch Contracts as required under Public Contract Code section 19209

Dear Senator Leno and Ms. Howle:

Attached is the Judicial Council report required under Public Contract Code section 19209 on contract payments and contracts that were amended between vendors and judicial branch entities during the reporting period of January 1 through June 30, 2012. Judicial branch entities are the Supreme Court, Courts of Appeal, superior courts, Habeas Corpus Resource Center, and the Judicial Council/Administrative Office of the Courts (AOC).

As required by Public Contract Code section 19209, the reports include a listing of: (1) all vendors or contractors receiving payments from any judicial branch entity and the associated distinct contracts; and (2) for every vendor or contractor receiving more than one payment, the amount of the payment, type of service or good provided, and the judicial branch entity receiving

the good or service. The report also includes a list of all judicial branch entity contracts that were amended during the reporting period. This is the fourth semiannual report submitted under this reporting requirement. The operative date of the Judicial Branch Contract Law was October 1, 2011, and only contracts with payments or amendments after that date are required to be included in the report. This report and all future reports will cover the six-month period from July 1 through December 31, or January 1 through June 30, as appropriate. The attachments to the report are:

Attachment 1: Superior court reports:

- a. Trial Court Contract Report, January 1–June 30, 2013
- b. Trial Court Payment Report, January 1–June 30, 2013

Attachment 2: Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, Judicial Council/AOC reports:

- c. Contract Amendment Report, January 1–June 30, 2013
- d. Payment Report, January 1–June 30, 2013

Note that the report does not include certain payments or contract amendment information that is statutorily restricted, subject to any statutory restrictions on disclosure to third parties, or excluded from reporting.

The report attachments are very large. To save resources, hard copies are not attached. They may be accessed at the following address <http://www.courts.ca.gov/7466.htm>.

If you have any questions related to this report, please contact Zlatko Theodorovic, Director, AOC Fiscal Services Office, at 916-263-1397.

Sincerely,

Report title: Semiannual Report on Contracts for the Judicial Branch for the Reporting Period
January 1 through June 30, 2013

Statutory citation: Public Contract Code section 19209

Date of report: August 1, 2013

The Judicial Council has submitted a report to the Legislature in accordance with Public Contract Code section 19209. The following summary of the report is provided under the requirements of Government Code section 9795.

The Judicial Branch Contract Law (JBCL), enacted March 24, 2011, requires the judicial branch entities to comply with the provisions of the Public Contract Code applicable to state agencies and departments related to the procurement of goods and services. The JBCL applies to all contracts initially entered into or amended by judicial branch entities on or after October 1, 2011.

The JBCL also requires the Judicial Council, beginning in 2012, to report to the Joint Legislative Budget Committee and the State Auditor twice each year on contracting activities by judicial branch entities. The reports must contain specified information, including details about payments received by vendors and contractors and their associated contracts, contract amendments entered into by judicial branch entities with vendors or contractors, and the nature of the services or goods provided under the reported contracts and amendments. The reports do not include payments or contract amendment information that is statutorily restricted or excluded from reporting, information subject to any statutory restrictions on disclosure to third parties, and active litigation on capital cases.

This is the fourth semiannual report and covers January 1 through June 30, 2013. The report is approximately 800 pages (including attachments). Payments made in excess of \$750,000 to 53 vendors for \$134,991,502 account for approximately 72 percent of the total payments of \$188,524,521 for non-superior court judicial branch entities. For the period there were also 7,796 contracts totaling approximately \$163 million with 13,066 payments for the superior courts. There were 492 contracts with amendments totaling approximately \$47 million (\$45.9 million for the superior courts). The full report can be accessed at <http://www.courts.ca.gov/7466.htm>. A printed copy of the report may be obtained by contacting Zlatko Theodorovic, Director, AOC Fiscal Services Office, at zlatko.theodorovic@jud.ca.gov.

**Semiannual Report on Contracts for the Judicial Branch for the Reporting
Period January 1 through June 30, 2013:
Report to the Joint Legislative Budget Committee and the State Auditor as
Required by Public Contract Code Section 19209**

August 1, 2013

Introduction

The Judicial Council submits this report to the Joint Legislative Budget Committee and the State Auditor pursuant to Public Contract Code section 19209 to provide information related to procurement of contracts for the judicial branch. The report includes a list of vendors and contractors as required by Public Contract Code section 19209(b). The report further identifies the amount of payment(s) to the contractors and vendors, the types of services and goods provided, and the judicial branch entity or entities with which the vendors and contractors was contracted with to provide those goods and services. The report also includes a list of all contract amendments as required by Public Contract Code section 19209(c), and identifies the vendors and contractors, the types of services and goods provided under the contract, the nature of the amendments, the duration of the amendments, and the cost of the amendments. Judicial branch entities are the Supreme Court, Courts of Appeal (COA), superior courts, Habeas Corpus Resource Center (HCRC), and Judicial Council/Administrative Office of the Courts (AOC).

Because the operative date of the Judicial Branch Contract Law was October 1, 2011, only contracts entered into or amended after that date are included in this report. This report and all future reports are semiannual and cover the six-month periods from January 1 through June 30 and July 1 through December 31. This is the fourth semiannual report and covers the period January 1 through June 30, 2013.

Contracts Excluded From the Report

Public Contract Code section 19204(c) provides that the Judicial Branch Contract Law (JBCL) does not “apply to procurement and contracting by judicial branch entities that are related to trial court construction, including, but not limited to, the planning, design, construction, rehabilitation, renovation, replacement, lease, or acquisition of trial court facilities.” This section also states that the JBCL “shall apply to contracts for maintenance of all judicial branch facilities that are not under the operation and management of the Department of General Services.” Appropriate exclusions and inclusions based on the above subsections have been made in this report.

Also excluded from the report are certain contracts that are unique to the superior courts and are subject to other statutory schemes as listed below:

- Security services memorandum of understanding under the Superior Court Law Enforcement Act of 2002 (Gov. Code, § 69920 et seq.);

- Court reporters providing services as independent contractors as specified by Government Code section 69941 et seq.; and
- Court interpreters providing services as independent contractors as Government Code section 71800 specifies a statutory scheme and is subject to Judicial Council policy (*Judicial Branch Payment Policies for Contract Court Interpreters*).

An audit report issued by the California State Auditor (auditor) in March 2013 stated:

To ensure complete reports to the Legislature, the AOC should review and modify its methodology for excluding certain transactions from the semiannual report to ensure that the AOC is not inadvertently excluding legitimate procurements. Further, the AOC's methodology should ensure that all procurements or contracts—such as those related to court security, court reporters, and interpreters when such services result in payment by a judicial branch entity to a vendor or contractor—are included in the semiannual report unless specifically excluded by state law.

The AOC is in the process of reviewing its methodology for excluding certain transactions from the semiannual report. We are pleased the auditor did agree in the report that the AOC has a valid argument for excluding certain contracts and procurements—and specifically those contracts and procurements pertaining to court security services provided by the county sheriffs, services provided by independent contractor court reporters, and services provided by independent contractor court interpreters—from the substantive provisions of the California Judicial Branch Contract Law. The AOC nonetheless appreciates the auditor's perspective that the semiannual reporting requirements described in the Public Contract Code were intended to serve as a tool to aid the Legislature's budget oversight and to provide greater transparency for the public with regard to the judicial branch's contracting and procurement activities. To facilitate the Legislature's budget oversight and to provide greater transparency for the public, staff is evaluating whether to recommend to the Judicial Council the inclusion of payments for such services in future semiannual reports as recommended by the auditor as part of an overall update of the *Judicial Branch Contracting Manual* later this year.

If recommended to and approved by the Judicial Council, the effective date for including payments for services provided by the county sheriffs (but only to the limited extent a superior court might have an obligation to pay for certain services given that the sheriff, and not the superior court, is generally responsible for the cost of court security under the Superior Court Security Act of 2012), independent contractor court reporters, and independent contractor court interpreters, will be no earlier than the reporting period starting January 1, 2014.

Format of the Report

The AOC Fiscal Services Office is responsible for preparing the portion of the report that relates to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC, and extracts data for the report from the Oracle Financial System. The Trial Court Administrative Services Office (TCAS) is responsible for preparing the portion of the report that

relates to the superior courts, and extracts data for the report from the Phoenix Financial System. Because the AOC Fiscal Services Office and TCAS have different information management systems, the format and data elements of various portions of the report differ. The four portions of the report are listed below:

Superior courts:

1. Trial Court Contract Report
2. Trial Court Payment Report

Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC:

3. Contract Amendment Report
4. Payment Report

The chart below explains the differences in the format of the reports and describes the data elements.

This semiannual report includes all the information required by statute. Portions of the report related to the superior courts contain items of information as listed above (vendor ID, month and year of amendment) that are not required for the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC.

The superior court information includes contracts that were entered into during the reporting period, even if no payments were made. This is additional information and is not required by the JBCL. The portion of the report related to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/AOC does not include contracts for which no payment was made during the reporting period. The superior court report consolidates all payments to a vendor or contractor under one contract as one payment for the reporting period.

Table 3 on the next page provides summary information about the contract payments in excess of \$750,000 made by the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and the Judicial Council/Administrative Office of the Courts. Payments made in excess of \$750,000 to vendors, totaling \$134,991,502, account for approximately 72 percent of the of the total payments made by the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/Administrative Office of the Courts. A total \$188,524,521 was paid to vendors by the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council/Administrative Office of the Courts (Table 3).

The Primary Purpose column in Table 3 provides a short description of the purpose of the payments made by the Administrative Office of the Courts for the benefit of the trial courts. Table 3 lists 53 vendors that received payments in excess of \$750,000. These vendors account for approximately 72 percent of the AOC's total vendor payments. The primary categories listed in this table are:

- Information services
- Facilities
- Grants
- Dependency counsel
- Appellate court payments for administrators

When analyzed, Table 3 shows that almost all of the contracts and associated payments are not for the benefit of, or to assist, the AOC but are for other judicial branch entities.

Table 4, Trial Court Payment Statistics: Goods and Services Detail Summary, on page 8 is a summary of all payments for goods and services by the trial courts during this reporting period. The table shows that there were over 13,000 payments representing nearly \$163 million. These payments were made through almost 7,800 purchase orders and contracts. While "Office Expense" is the largest category in terms of number of payments (2,312 or 17.7% of the total), it only represents 3.5% (\$5.68 million of the \$162.7 million total) of the total value of payments for the period. The Court Appointed Counsel service category is the largest value category at \$19.7 million (or 12%) of the \$162.7 million total, yet it represents only 4% or 535 of the 13,066 total payments.

Report Information

Superior Courts

1. Trial Court Contract Report

The Phoenix Financial System is not configured to collect information about contracts in a manner that precisely matches the statutory reporting requirements. Below are some key factors to consider when reviewing the contract data related to the superior courts.

- The Trial Court Contract Report includes all contracts and amendments completed within the reporting period because including all contracts is more cost-effective than developing a report that includes distinct contracts for only the vendors who received more than one payment in the reporting period. “Vendor” is often used synonymously with “contractor” in the report.
- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- The only amendment descriptions that can be reported are changes in the overall value or duration of an agreement, or changes in the goods/services provided.
- The Phoenix Financial System cannot distinguish between a true amendment and an error correction. Screens were built to allow superior courts to review transactions included in the report and exclude changes that were error corrections. This design feature affects the accuracy of the data based on a court’s ability/availability to review its transactions.
- A single contract has multiple lines of data in the file. This is because there may be a one-to-many relationship between a contract and the goods/services on the contract, and if there are amendments, there can be a one-to-many relationship between a contract and the value or duration. Simple sorting by contract number and amendment number keeps these records together. They can also be sorted by court (*JBE, judicial branch entity*) or by vendor.

Contract Report Fields

Field Name	Field Description
Month	Calendar month of the current transaction record .
Year	Calendar year that the current transaction record pertains to.
JBE	Judicial Branch Entity. Name of the superior court with the associated contract.
Vendor ID	Unique identifier for the vendor.
Vendor Name	Name of the vendor.
Contract Number	Unique identifier for the contract.

Field Name	Field Description
Amendment Number	Unique identifier for the version of the contract, whether it is the original or an amendment. This is a system-generated number across all contracts and, therefore, will not necessarily be consecutive within a contract.
Contract Value OR Amendment Value	When the transaction record is for the original amount of the contract, the value in this field refers to the known or estimated contract value when the contract first became effective. When the transaction record refers to a contract amendment value, the value will indicate the increase or decrease to the contract value.
Goods/Services	Description of the goods/services based on the general ledger accounts associated with the contract. Note that a single contract may require several lines to represent multiple goods and services. The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.
Contract Duration	Contract duration is represented in months or a fraction thereof. When the transaction record refers to a contract amendment value, the value will indicate the increase or decrease to the contract duration.
Nature of Amendment	This field represents the type of amendment. Original: The original value, duration, and goods/services of the contract. Increase Contract Value: An increase from the original value of the contract. Decrease Contract Value: A decrease from the original value of the contract. Increase Contract Duration: An increase in the duration (or term) of the contract. For example, an increase of six months would be represented as 6.00. Decrease Contract Duration: A decrease in the duration (or term) of the contract. For example, a decrease of six months would be represented as -6.00. Change Goods/Services: A change (addition or deletion) in the goods/services provided under the contract.

2. Trial Court Payment Report

Below are some key factors to consider when reviewing the payment data.

- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- A single payment may have multiple lines of data in the file if the payment is for multiple goods/services. Simple sorting by contract number keeps these records together. They can also be sorted by court (JBE) or by vendor.

Field Name	Field Description
JBE	Name of the superior court making the payment.
Contract Number	Unique identifier for the contract under which the payment was made. If the payment was not associated with a contract, this field will be blank.
Goods/Services	Description of the goods/services based on the general ledger account associated with the payment. The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.
Vendor ID	Unique identifier for the vendor.
Vendor Name	Name of the vendor.
Total Payments	Total payments to a vendor, reported by court, contract, and goods/services under the contract. Data can be sorted in various ways to obtain to totals by court, vendor, contract, goods/services, etc.

Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, Judicial Council/AOC

General rules applicable to these portions of the report

Contract and payment information concerning active litigation on capital cases is not reported at the request of the Habeas Corpus Resource Center under statutory and work-product principles.

1. Contract Amendment Report

Exclusions and explanations in the Contract Amendment Report follow:

- Schedule changes that constitute an amendment to the contract indicate the cost of amendment as “n/a” or “not applicable” because no additional cost was involved.
- “Change of cost and schedule of the work” has an associated cost. Cost changes result from any number of reasons, and there is no specificity for this data element in the Oracle Financial System. Further details related to the basis of the cost change require review of the individual contract.

2. Payment Report

Payments extracted from the Oracle Financial System were reviewed to determine whether they were contractual payments. Any payment types considered “non-contractual items” are excluded from the reporting, including:

- Payroll and other payments to state employees and judicial officers and the related benefits payments
- Assigned judges’ compensation
- Appellate court–appointed counsel panel attorney compensation claims (paid on court order)

- Most utilities
- Postage
- Travel reimbursements
- Settlement charges
- Trial court allocations

Some of the above payment types may be included in the superior court reports, such as utilities, postage, and travel reimbursements.
