### Executive Summary

Public Contract Code section 19209 and the *Judicial Branch Contracting Manual* require that the Judicial Council submit a report semiannually to the Joint Legislative Budget Committee and the State Auditor listing (1) all vendors or contractors receiving payments from any judicial branch entity and their associated distinct contracts, and (2) for every vendor or contractor receiving more than one payment, the amount of the payment, type of service or good provided, and judicial branch entity receiving the good or service. Therefore, the Judicial Council staff recommends submitting this semiannual report, which lists all judicial branch entity contracts that were amended during the reporting period covering January 1 through June 30, 2015.

### Recommendation

The Judicial Council staff recommends that the council accept and approve for submission to the Joint Legislative Budget Committee and the California State Auditor the following report and related attachments: *Semiannual Report on Contracts for the Judicial Branch for the Reporting*

*Period of January 1 through June 30, 2015.* The report includes information for the Supreme Court, Courts of Appeal, superior courts, Judicial Council, and Habeas Corpus Resource Center.

## **Previous Council Action**

At its August 26, 2011, business meeting, the Judicial Council approved the *Judicial Branch Contracting Manual*, which included the requirement for the preparation of the two semiannual reports and their submission to the Joint Legislative Budget Committee and the State Auditor. Previous reports were submitted and approved at Judicial Council meetings or through circulating orders, as follows:

- January 24, 2012      The Judicial Council accepted and approved the first semiannual report for the period October 1 through December 31, 2011.
- July 27, 2012      The Judicial Council accepted and approved the second semiannual report for the period January 1 through June 30, 2012.
- January 31, 2013      Under Circulating Order CO-13-01, the Judicial Council accepted and approved the third semiannual report for the period July 1 through December 31, 2012.
- July 30, 2013      Under Circulating Order CO-13-04, the Judicial Council accepted and approved the fourth semiannual report for the period January 1 through June 30, 2013.
- January 29, 2014      Under Circulating Order CO-14-01, the Judicial Council accepted and approved the fifth semiannual report for the period July 1 through December 31, 2013.
- July 31, 2014      Under Circulating Order CO-14-04, the Judicial Council accepted and approved the sixth semiannual report for the period January 1 through June 30, 2014.
- February 2, 2015      Under Circulating Order CO-15-01, the Judicial Council accepted and approved the seventh semiannual report for the period July 1 through December 31, 2014.

## **Rationale for Recommendation**

### **Statutory requirement**

The Judicial Branch Contract Law (JBCL), enacted March 24, 2011, requires judicial branch entities to comply with the provisions of the Public Contract Code applicable to state agencies and departments and related to the procurement of goods and services. The JBCL applies to all contracts initially entered into or amended by judicial branch entities on or after October 1, 2011. The JBCL also requires the council to adopt a judicial branch contracting manual containing policies and procedures applicable to judicial branch entities related to the procurement of goods and services (Pub. Contract Code, § 19206). The Judicial Council, on August 26, 2011, adopted the manual, which incorporates policies and procedures consistent with the Public Contract Code and, as the code requires, is “substantially similar to the provisions contained in the State Administrative Manual [SAM] and the State Contracting Manual [SCM].”

## **Reporting requirement**

The JBCL requires the Judicial Council, beginning in 2012, to provide reports to the Joint Legislative Budget Committee and the State Auditor twice each year on contracting activities by judicial branch entities under Public Contract Code section 19209. The semiannual reports must contain specific information, including details about contracts and amendments to contracts entered into by judicial branch entities with vendors or contractors, payments received by vendors and contractors, and the nature of the services or goods provided under the contracts and amendments. By statute, each fiscal year, the first report covers the period from July 1 through December 31 and must be submitted by February 1 of the following calendar year. The second report covers the period from January 1 through June 30 and must be submitted by August 1.

Due to the timeline for receiving contract and payment information for judicial branch entities following each reporting period, the August 21 business meeting is the first scheduled meeting in which the council can consider the report for submission. Judicial Council staff advised the Joint Legislative Budget Committee given the statutory deadline of August 1.

As required by the *Judicial Branch Contracting Manual*, revised April 24, 2012, the Judicial Council's Finance office has lead responsibility for providing the reports to the council for approval and submission to the Joint Legislative Budget Committee and the State Auditor. Additionally, the council's Finance office and its Trial Court Administrative Services office are responsible for coordinating with each other to ensure that all information in the reports is timely, accurate, and consistent in form and format.

The responsibilities for each judicial branch entity are specified in the manual generally as follows:

**Supreme Court:** The Supreme Court is responsible for providing to the council's Finance office the information relating to payments to, and contracts with, the Supreme Court's vendors in the form and format required by Finance for Judicial Council reporting purposes. Currently, the Finance office's Accounting and Business Services Unit compiles this information on the behalf of the Supreme Court.

**Courts of Appeal:** Each Court of Appeal is responsible for providing to the council's Finance office the information relating to payments to, and contracts with, vendors in the form and format required by Finance for Judicial Council reporting purposes. Currently, the Finance office's Accounting and Business Services Unit compiles this information on the behalf of the Courts of Appeal.

**Superior Courts:** The Phoenix Financial System is the source of information for compiling reports relating to payments during a reporting period by each superior court to vendors and relating to contracts between vendors and each superior court. Each superior court is responsible for entering data into Phoenix relating to payments to, and contracts with, that superior court's vendors as required for Judicial Council reporting purposes.

**Habeas Corpus Resource Center (HCRC):** The HCRC is responsible for providing to the council's Finance office the information relating to payments to, and contracts with, the HCRC's vendors in the form and format required by Finance for Judicial Council reporting purposes. Currently, the Finance office's Accounting and Business Services Unit compiles this information on the behalf of the HCRC.

**Judicial Council:** The council's Finance office is responsible for maintaining and providing the information relating to payments to, and contracts with, vendors of the Judicial Council.

### **Contents of the reports**

The reports from the Judicial Council will include a list of all vendors that receive a payment from a judicial branch entity during the reporting period. Public Contract Code section 19209 also requires the Judicial Council to submit additional information on each distinct contract between a vendor and a judicial branch entity, but only if more than one payment was made under the distinct contract during the reporting period. For each distinct contract, the report includes the following information by vendor:

- The judicial branch entity that contracted for the good or service
- The amount of payment
- The type of service or good provided

The reports also include a list of all judicial branch entity contracts that were amended during the reporting period. The report contains the following information by vendor for each distinct contract that was amended:

- The name of the vendor
- The type of service or good provided
- The nature of the amendment
- The duration of the amendment
- The cost of the amendment

The reports are reviewed to determine if there are any provisions that conflict with statutory or other restrictions on information disclosure to third parties specifically related to HCRC, lawsuits in process, and the like. Such information may be redacted.

This report also includes modifications designed to improve the display of various aspects of contract information. The Trial Court Contract Report has been revised to provide a summary of contract activity during the reporting period for each contract on a single line; in previous reports, there were multiple lines for a single contract, resulting in a cumbersome display when the contracts were sorted.

## **Comments, Alternatives Considered, and Policy Implications**

### **Comments and policy implications**

It is important that each judicial branch entity maintain and provide accurate and consistent information so that the reports provided by the Judicial Council, in turn, contain accurate and complete information. All judicial branch personnel involved in maintaining and providing the necessary information must have the training, experience, level of responsibility, and accountability necessary to ensure the accuracy, completeness, and consistency of the information maintained and provided. No adverse policy implications will result from acceptance or approval of these reports.

### **Alternatives**

No alternatives were considered because the recommendation is consistent with approved council policy and with the provisions of Public Contract Code sections 19201–19210.

### **Implementation Requirements, Costs, and Operational Impacts**

The proposed recommendation imposes no specific implementation requirements or costs, other than the requirement to disclose the attached reports through online publication.

*Re: Report on Contracts for the Judicial Branch for the Reporting Period of January 1 through June 30, 2015, as required under Public Contract Code section 19209*

Dear Senator Leno and Ms. Howle:

Attached is the report from the Judicial Council required under Public Contract Code section 19209 on original contracts, contract payments to vendors from judicial branch entities, and amendments to those contracts during the reporting period of January 1 through June 30, 2015. Judicial branch entities are the Supreme Court, Courts of Appeal, superior courts, Habeas Corpus Resource Center, and Judicial Council.

Hon. Mark Leno  
Ms. Elaine M. Howle

As required by Public Contract Code section 19209, the report includes a listing of (1) all vendors or contractors receiving payments from any judicial branch entity and their associated distinct contracts, and (2) for every vendor or contractor receiving more than one payment, the amount of the payment, type of service or good provided, and judicial branch entity receiving the good or service. The report also includes all judicial branch entity contracts that were amended during the reporting period. This is the seventh semiannual report submitted under this reporting requirement. The operative date of the Judicial Branch Contract Law was October 1, 2011, and only contracts with payments or amendments after that date are required to be included in the report. This report and all future reports will cover the six-month period, from January 1 through June 30, or July 1 through December 31, as appropriate. The attachments to the report include:

- Superior court reports, from January 1 through June 30, 2015:
  - a. Trial Court Contract Report
  - b. Trial Court Payment Report
- Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council reports, from January 1 through June 30, 2015:
  - a. Contract Amendment Report
  - b. Payment Report

Note that the report excludes certain payments or contract amendment information that is statutorily restricted, subject to any statutory restrictions on disclosure to third parties, or excluded from reporting.

The report attachments are very large. To save resources, hard copies are not attached. They may be accessed at the following address: [www.courts.ca.gov/7466.htm](http://www.courts.ca.gov/7466.htm).

Report Title: *Semiannual Report on Contracts for the Judicial Branch for the Reporting Period of January 1 through June 30, 2015*

Statutory Citation: Public Contract Code section 19209

Date of Report: August 21, 2015

The Judicial Council has submitted a report to the Legislature in accordance with Public Contract Code section 19209. The following summary of the report is provided under the requirements of Government Code section 9795.

The Judicial Branch Contract Law (JBCL), enacted March 24, 2011, requires judicial branch entities to comply with the provisions of the Public Contract Code applicable to state agencies and departments related to the procurement of goods and services. The JBCL applies to all contracts entered into or amended by judicial branch entities on or after October 1, 2011.

The JBCL also requires the Judicial Council, beginning in 2012, to report to the Joint Legislative Budget Committee and the State Auditor semiannually on contracting activities by judicial branch entities. The reports must contain specific information, including details about payments received by vendors and contractors, and their associated contracts, contract amendments entered into by judicial branch entities with vendors or contractors, and the nature of the services or goods provided under the reported contracts and amendments. The reports exclude payments or contract amendment information that is statutorily restricted or excluded from reporting, information subject to any statutory restrictions on disclosure to third parties, or information on capital cases in active litigation.

This report covers the period of January 1 through June 30, 2015. The report runs several hundred pages (including attachments). Nearly \$233.2 million in payments was made by the superior courts and approximately \$210.4 million by the state judiciary (Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council). The report lists 10,365 contracts associated with these payments as well as 1,468 contracts with amendments. The full report can be accessed at [www.courts.ca.gov/7466.htm](http://www.courts.ca.gov/7466.htm). A printed copy of the report may be obtained by contacting Mr. Zlatko Theodorovic, Director, Finance, Judicial Council, at [zlatko.theodorovic@jud.ca.gov](mailto:zlatko.theodorovic@jud.ca.gov).

**Semiannual Report on Contracts for the Judicial Branch for the Reporting  
Period of January 1 through June 30, 2015:  
Report to the Joint Legislative Budget Committee and the State Auditor as  
Required by Public Contract Code Section 19209**

**August 21, 2015**

Introduction

The Judicial Council submits this report to the Joint Legislative Budget Committee and the California State Auditor under Public Contract Code section 19209 to provide information related to procurement of contracts for the judicial branch. The report includes a list of vendors and contractors as required by Public Contract Code section 19209(b). The report further identifies the amounts of payment(s) to the contractors and vendors, the types of services and goods provided, and the judicial branch entity or entities with which the contractors and vendors contracted to provide those goods and services. The report is a summary which includes a list of all new contracts and amended contracts as required by Public Contract Code section 19209(c) and identifies the vendors and contractors, the types of services and goods provided under the contract, including any changes to the contract value, type of services or goods, or the contract. Judicial branch entities are the Supreme Court, Courts of Appeal (COA), superior courts, Habeas Corpus Resource Center (HCRC), and the Judicial Council.

Because the operative date of the Judicial Branch Contract Law (JBCL) was October 1, 2011, only contracts entered into or amended after that date are included in this report. This report is developed on a semiannual basis and covers the six-month periods from January 1 through June 30 and July 1 through December 31. This report covers the period from January 1 through June 30, 2015.

**Contracts Excluded From the Report**

Public Contract Code section 19204(c) provides that the JBCL “does not apply to procurement and contracting by judicial branch entities that are related to trial court construction, including, but not limited to, the planning, design, construction, rehabilitation, renovation, replacement, lease, or acquisition of trial court facilities.” This section also states that the JBCL “shall apply to contracts for maintenance of all judicial branch facilities that are not under the operation and management of the Department of General Services.” Appropriate exclusions and inclusions based on the above subsections have been made in this report.

Also excluded from the report are the following contracts that are unique to the superior courts and are not subject to the JBCL:

- Contracts (often referred to as memoranda of understanding or MOUs) between a superior court and the sheriff for court security services;

- Contracts between a court and a court reporter, when the court reporter provides services as an independent contractor; and
- Contracts between a court and a court interpreter, when the court interpreter provides services as an independent contractor.

### **Other Reporting Features**

The Trial Court Contract Report has been revised to provide a summary of contract activity during the reporting period for each contract on a single line. Previously, reports included multiple lines for a single contract, resulting in difficulty when the contracts were sorted.

### **Format of the Report**

The Judicial Council's Finance office is responsible for preparing the report. The portion of the report that relates to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council is handled by Accounting and Business Services, which extracts data from the Oracle Financial System. The council's Trial Court Administrative Services office (TCAS) is responsible for compiling the information that relates to the superior courts, extracting data for the report from the Phoenix Financial System. Because Finance and TCAS use different information management systems, the format and data elements of various portions of the report differ. The four portions of the report are listed below.

- Superior courts:
  1. Trial Court Contract Report
  2. Trial Court Payment Report
- Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council:
  1. Contract Amendment Report
  2. Payment Report

The chart on the following page explains the differences in the format of the reports and describes the data elements.

This semiannual report includes all the information required by statute. Portions of the report related to the superior courts contain items of information (vendor ID), as listed above, that are not required for the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council.

The superior court information includes contracts and contract amendments that were entered into during the reporting period, even if no payments were made. This is additional information

and is not required by the JBCL. The portion of the report related to the Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council does not include contracts for which no payment was made during the reporting period. The superior court report consolidates all payments to a vendor or contractor under one contract as one payment for the reporting period.

## Statistics

On the following pages, a series of tables provides statistical information for the January 1 through June 30, 2015 reporting period. Note that some tables may include totals that may not equal 100 percent, due to rounding.

Table 3, Trial Court Payment Statistics: Goods and Services Detail Summary, on pages 6–7, provides a summary of all payments for goods and services by the trial courts during this reporting period. The table shows 17,537 payments representing approximately \$233.2 million associated with more than 8,500 contracts.

There were 5,280 trial court contracts reported, of which 1,205 were affected by amendments. A small number of contracts may have been affected by changes in account codes. Otherwise, amendments consisted of the following:

- 680 that had an increase in contract value;
- 523 that had a decrease in contract value; and
- 97 that had a change in contract duration.

## Report Information

### Superior Courts

#### 1. Trial Court Contract Report

The Phoenix Financial System is not configured to collect information about contracts in a manner that precisely matches the statutory reporting requirements. Below are some key factors to consider when reviewing the contract data related to the superior courts.

- The Trial Court Contract Report includes all contracts and amendments completed within the reporting period because including all contracts is more cost-effective than

developing a report that includes distinct contracts for only the vendors who received more than one payment in the reporting period. *Vendor* is often used synonymously with *contractor* in the report.

- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- The only amendment descriptions that can be reported are changes in the overall value or duration of an agreement, or changes in the goods/services provided.
- The Phoenix Financial System cannot distinguish between a true amendment and an error correction. Screens were built to allow superior courts to review transactions included in the report and exclude changes that were error corrections. This design feature affects the accuracy of the data based on a court’s ability/availability to review its transactions.

### Contract Report Fields

The chart below contains a list of the report fields and their descriptions.

Field Name	Field Description
<b>Court</b>	Judicial Branch Entity. Name of the superior court with the associated contract.
<b>Contract</b>	Unique identifier for the contract which can be system generated or a court-specific number.
<b>Vendor ID</b>	Unique identifier for the vendor which can be system generated or a court-specific vendor identifier.
<b>Vendor Name</b>	Name of the vendor.
<b>Last Reported Contract Value</b>	When the transaction record is for a contract that has been previously reported, the value in this field will refer to the most recently reported contract value. Only contracts created or amended after January 1, 2012, have been reported.
<b>Contract Value (New)</b>	When the transaction record is for a new contract, the value in this field refers to the known or estimated original contract value.
<b>Contract Value (Changed)</b>	This value will indicate the increase or decrease to the contract value if the contract value changed within the reporting period. It is possible for this to occur in the same reporting period as a new contract.
<b>Goods/Services (New)</b>	When the transaction record is for an original contract, this field provides a description of the goods/services based on the general ledger accounts associated with the contract. <b>The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.</b>

Field Name	Field Description
<b>Goods/Services (Changed)</b>	When the transaction record refers to an amendment to the goods/services, this field provides a description of the changed goods/services based on the general ledger accounts associated with the contract. <b>The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.</b>
<b>Contract Duration (New)</b>	When the transaction record is for an original contract, this field refers to the original contract duration which is represented in months or a fraction thereof.
<b>Contract Duration (Changed)</b>	When the transaction record refers to an amendment to the current contract duration, the value will indicate the increase or decrease to the contract duration which is represented in months or a fraction thereof.
<b>Total Contract Duration</b>	This field represents the total contact duration, including cumulative changes to the original contract duration. The value is represented in months or a fraction thereof.

## 2. Trial Court Payment Report

Below are some key factors to consider when reviewing the payment data.

- Goods/Services descriptions are determined by the general ledger account(s) entered in the system.
- A single payment may have multiple lines of data in the file if the payment is for multiple goods/services. Simple sorting by contract number keeps these records together. They can also be sorted by court (JBE) or by vendor.

The chart below contains a list of the report fields and their descriptions.

Field Name	Field Description
<b>JBE</b>	Name of the superior court making the payment.
<b>Contract Number</b>	Unique identifier for the contract under which the payment was made. If the payment was not associated with a contract, this field will be blank.
<b>Goods/Services</b>	Description of the goods/services based on the general ledger account associated with the payment. The goods/services are rolled up from subaccounts, so descriptions may appear to be duplicates but are really separate subaccounts in the rolled-up category.
<b>Vendor ID</b>	Unique identifier for the vendor.
<b>Vendor Name</b>	Name of the vendor.
<b>Total Payments</b>	Total payments to a vendor, reported by court, contract, and goods/services under the contract. Data can be sorted in various ways to obtain totals by court, vendor, contract, goods/services, etc.

## **Supreme Court, Courts of Appeal, Habeas Corpus Resource Center, and Judicial Council**

### **General Rules Applicable to These Portions of the Report**

Contract and payment information concerning active litigation on capital cases is not reported at the request of the Habeas Corpus Resource Center under statutory and work-product principles.

#### **1. Contract Amendment Report**

Exclusions and explanations in the Contract Amendment Report follow:

- Schedule changes that constitute amendments to a contract indicate the cost of amendment as “0.00,” “n/a,” or “not applicable” because no additional cost was involved.
- “Change of cost and schedule of the work” has an associated cost. Cost changes result from any number of reasons, and there is no specificity for this data element in the Oracle Financial System. Further details related to the basis of the cost change require review of the individual contract.

#### **2. Payment Report**

Payments extracted from the Oracle Financial System were reviewed to determine whether they were contractual payments. Any payment types considered “non-contractual items” are excluded from the reporting, including:

- Payroll and other payments to state employees and judicial officers and the related benefits payments;
- Assigned judges’ compensation;
- Appellate court–appointed counsel panel attorney compensation claims (paid on court order);
- Most utilities;
- Postage;
- Travel reimbursements;
- Settlement charges; and
- Trial court allocations.

Some of the above payment types may be included in the superior court reports, such as utilities, postage, and travel reimbursements.
