JUDICIAL COUNCIL OF CALIFORNIA, ADMINISTRATIVE OFFICE OF THE COURTS

STANDARD AMENDMENT COVERSHEET (rev 12-08)

AGREEMENT NUMBER	AMENDMENT NUMBER
MA200912	**4**
	FEDERAL EMPLOYER ID NUMBER
	31-1749742

1. All capitalized terms not defined in this amendment (the "Amendment") have the meanings given to them in the Agreement referenced above. As set forth in the Agreement, (the "Master Agreement"), the term "Contractor" refers to **StopTech Ltd.**, and the term **"AOC"** refers to the Judicial Council of California, Administrative Office of the Courts.

2. The title of this Master Agreement is: non-exclusive services, equipment, software, and hardware in connection with the purchase, installation and configuration of wireless security systems and/or the purchase and configuration of mobile security systems at specified Courts throughout California, on an as-needed basis to Members of the Purchasing Group

   The title listed above is for administrative reference only and does not define, limit, or construe the scope or extent of the Agreement.

3. This Amendment becomes effective on **May 1, 2013** and expires **April 30, 2014**.

4. The maximum amount that the AOC may pay Contractor under this Master Agreement (as amended) remains unchanged at **$00.00.**

5. The parties agree to amend the Master Agreement as follows:

   a. Pursuant to Exhibit B, Special Provisions, paragraph 6, Master Agreement Term and Options to Renew, the AOC hereby exercises its option to extend this Master Agreement for the Third Option Term period beginning **May 1, 2013** and ending **April 30, 2014**. Unless the AOC exercises its Fourth Option Term, the Agreement shall expire **April 30, 2014.**

   b. Exhibit B, Special Provisions, Paragraph No. 7, Agreement Administration/Communication is hereby deleted in its entirety and replaced with Exhibit B, Special Provisions, Paragraph No. 7, attached hereto and incorporated herewith.

   c. Effective **May 1, 2013**, Exhibit E, Product Specifications, is hereby appended with Exhibit E, Product Specifications, Appendix No. 1, attached hereto.

   d. Exhibit F, Attachment 2, Revision No. 3, Sample Centurion Wireless Security System Work Order Form is hereby incorporated into this Master Agreement for use effective **May 1, 2013.**

   e. Exhibit F, Attachment 3, Revision No. 2, Sample Centurion Scout Mobile Security System Work Order Form is hereby incorporated into this Master Agreement for use effective **May 1, 2013.**

   f. Exhibit F, Attachment 4, Pricing Schedule, Revision No. 3 is hereby appended with Exhibit F, Attachment 4, Pricing Schedule, Appendix No. 1 to Revision No. 3, effective **May 1, 2013 to April 30, 2014.**

6. Except as provided in this Amendment, all terms and conditions of the original Agreement remain in full force and effect.

State of California Standard Agreement
Amendment 4 to Master Agreement No. MA200912 with StopTech Ltd.

1. The following list includes the provisions incorporated into Exhibit B, Special Provisions, pursuant to this amendment:

"7. Agreement Administration/Communication *[Revised]*

A. AOC Project Management

i. The AOC's Project Manager assigned to this Master Agreement shall be Malcolm Franklin, who will be responsible for monitoring and evaluating the Contractor's performance as a representative of the AOC. The Member issuing the Work Order will be responsible for receipt and acceptance of goods and payment pursuant to the terms and conditions set forth in this Master Agreement and specifications of the Work Order. Where applicable, the AOC's Project Manager or the Member's Project Manager shall determine Acceptance of the Work in accordance with this Exhibit's paragraph 10, Acceptance of the Work. All requests and communications regarding the Work shall be made through the Member's Project Manager, unless otherwise designated.

i. For a particular Work Order, the Member's Project Manager, identified therein, shall be responsible for day-to-day management of that Work Order. The Member's Project Manager will consult with any designee(s) to determine if the Contractor has satisfactorily performed the Work in accordance with the terms and conditions of the Agreement.

B. Communications with the AOC

i. Any Notice from the Contractor to the AOC in regards to this Master Agreement shall be in writing and shall be delivered to the AOC's Project Manager as follows:

Judicial Council of California
Administrative Office of the Courts
455 Golden Gate Avenue
San Francisco, CA 94102-3688
Attn: Malcolm Franklin,
Sr. Manager, Emergency Response and Security

ii. Other than for Notices, the AOC's Project Manager may be contacted as follows:

Telephone: 415-865-8830
Facsimile: 415-865-8990
Email: malcolm.franklin@jud.ca.gov

iii. Any Notice from the Contractor to the Member in regards to an authorized Work Order shall be in writing and shall be delivered to the Member's Project Manager set forth in a Work Order.

C. Communications with the Contractor

i. Any Notice to the Contractor shall be directed in writing to:

StopTech Ltd.

Amendment 4 to Master Agreement No. MA200912 with StopTech Ltd.

EXHIBIT E
PRODUCT SPECIFICATIONS
APPENDIX NO. 1 *[New]*
Effective May 1, 2013

The following specifications append Exhibit E, Product Specifications and are applicable to purchases of Centurion® Wireless Security Systems or Centurion Scout® Mobile Security Systems on or after May 1, 2013:

Wireless Duress/Panic Alarm System

The alarm system must have the following features and specifications:

1. System capable of broadcasting 255 unique location specific messages, in a single stand-alone wireless unit, with an unlimited number of addressable sensors.
2. 386ex based System Platform which enables immediate alarm processing.
3. Internal MultiTech Systems Voice Modem model # MT5656SMI; capable of sending location specific voice to any phone. (Land line or Cell Phone). Must be capable of sending voice alarm to 8 unique phone numbers.
4. System must have the ability to utilize EchoStream (ES) transmission formats.
5. System must have Fail Safe System Monitor:
    - Recognizes and Reboots system if anomaly occurs
    - Displays Fail Safe Monitor failure warnings on LCD
    - Sounds audible alarm if Fail Safe Monitor failure occurs
6. Integrated Total Protection Solutions LT-15A Surge Protector.
7. System must have priority transmission settings (radio/phone/text) per sensor.
8. System must be able to schedule transmissions automatically to broadcast on differing devices (Radio 1, Radio 2, Cell Phone, Pager) dependant upon the time of day.
9. System must allow different communication paths to be programmed for each sensor:
    - Panic button #1 sends alert to Officer's cell phone
    - Panic button #2 sends alert to Officer's two way radio

10. System must offer Voice Modem Repeat: the ability to select how many times a message will repeat, separate from other outputs (i.e., Radio message repeats two times and phone message repeats six times).

11. Ability to interface with any existing radio system: UHF, VHF, 800 and 900 MHz and any trunking system.

12. Email notification of Alarm History Log.

13. Email/text messaging by Ethernet Interface to desktop, cell phone, pager, or other text capable devices.

14. Minimum of 1980 seconds of message record time in a single, stand-alone unit.

15. Sensor Signal Monitoring System:

    - Sensor "tamper", "low battery" and "missing" events are monitored and recorded in Alarm History Log.

    - Continuous "signal strength level" monitoring of events can be displayed on LCD; providing assurance of System sensor monitoring performance.

16. Flexible scheduling of sensor zones that allow for automatic enabling and disabling based on user defined schedules: minute, hour and day of the week.

17. Remote access capable - Internal Modem to allow authorized technician to access the system remotely in order to:

    - Expand the number of messages as system requirements increase.

    - Perform operating system diagnostics.

    - Upgrade operating software.

18. Voice prompts for system activation and set-up.

19. Built-in microphone/speaker to record voice messages and playback. The speaker can also be used as an output device which allows the user to select and prioritize the speaker to be used for output of audio as well as volume control.

20. Four (4) internal Communication Ports, that are available to connect to an external PC in order to monitor alarms, view and print event log, engage system setup/configuration and forward of emergency text notifications.

21. System must have the ability to interface with the WaveWare® Pager System.

22. Communication Ports must include:

    - Serial

- USB
- Ethernet
- Modem

23. Built-in DTMF Tone Encoder.

24. Capable of handling a full-line of wireless, 900 MHz sensors.

25. Designed to interface a second radio.

    - Mounting space, electrical cabling and connectors are available to operate a second radio simultaneously at a different frequency than the primary radio.

26. System must be password protected.

27. Onboard programming of system and sensors (no external keyboard or programming device required).

28. Message Dwell Time: Upon alarm activation, the system will "dwell" for 15 seconds any alarm triggers which share the same message.

29. The alarm system must be – FCC Class A&B Digital Device (company must provide verification documents) Verification Compliant – Title 47 of the CFR (Code of Federal Regulation), Part 15, Subpart B:

    - 15.107 (a) – Emission Limits.
    - 15.109 (b) – Radiated Limits.

30. Battery back-up that can continue system operation for 30 hours in the event of a power outage.

31. Capable of broadcasting a message indicating that battery back-up failure is imminent and the system is shutting down.

32. The system must protect the battery from full discharge.

33. Battery charging system that charges the internal battery during 110V operation.

34. Four (4) programmable relays that are available to activate external devices such as video cameras, lights, alarms, etc.

35. Alarm history storage of the last 200 alarms in a circular nonvolatile buffer for review or printing.

36. Control panel with a plain English LCD display including 4 lines with 20 characters per line.

37. Full-function 16-key keypad.

38. LCD Status Indicators that provide the following information:

- Power Source – Indicates the type of system power (AC, DC).
- Battery Status – Indicates the battery condition (charged, charging or low battery).
- System Status – Armed or Disarmed.
- System Unit # – Indicates unique identification for every system.
- Sensor Number – Indicates which sensor has been activated.
- Log – Indicates that an event has occurred since last viewing the Alarm Log.

39. Dimensions of Central Control Unit 12"w x 15"h x 5.5"d.

40. Weight of Central Control Unit 17.5 lbs.

41. Electrical Requirements:

- Input Voltage: 120V AC
- Current Draw:
  - 161ma @ 120V AC (normal operation/non-alarm condition)
  - 530ma @ 120V AC (alarm condition/internal radio transmitting)*

* +/- 10 percent variance dependent upon radio type being utilized

Portable Alert System

The alert alarm system must have the following features and specifications:

1. Ability to broadcast location specific voice message with an unlimited number of addressable sensors to two-way radio and/or cell phone.
2. Up to 20 second record time.
3. Bluetooth® capability.
4. Water resistant – can be operated with lid closed.
5. Utilizes Echo Stream Transmission format.

6. 3 day Internal battery backup.
7. Onboard programming for standard operation or via smart console for custom programming.
8. Voice prompts for easy activation.
9. Alarm History Log to store up to 100 events.
10. Built-in microphone/speaker to record voice message and playback.
11. Sensor signal monitoring – sensor tamper", low battery" and missing events monitored and recorded in alarm history log.
12. Onboard programming of sensors – no external keyboard or programming device required.
13. Operable modes:
    - 110V outlet
    - Internal battery
    - Automobile power outlet – (optional cables required)
    - External battery – (optional cables require)
14. Quick Start Guide included with system.
15. Battery Power charging status:
    - Green LED – Full Charge
    - Yellow LED – Medium Charge
    - Red Led – Low Charge

PRICING SCHEDULE
APPENDIX NO. 1 TO REVISION NO. 3 *[New]*

1. Pricing

A. Pricing for components, installation, miscellaneous charges, extending the limited warranty, services not covered by limited warranty, and meals and lodging expenses is set forth in this Attachment 4, Pricing Schedule, Appendix No. 1 to Revision No. 4 is effective May 1, 2013 through April 30, 2014.

B. Table 1 below sets forth the pricing for components and installation associated with Centurion® Wireless Security System and Centurion Scout® Mobile Security System

Table 1 – Pricing for Components and Installation

Items – CENTURION	PART NUMBER	PRICE EXW*
Centurion® Base Unit (ES), consisting of the Centurion Wireless Security System Central Control Unit, which will be housed in a metal lockable enclosure and will comply with the Centurion Wireless Security System requirements, set forth in Exhibit E. Includes: Surge Protection Device.	R1000	$3,698.00
Centurion Wireless Security System – Additional Messages (1-255)	R9000	$190.00
Duress Button – Single Button	R4036	$80.00
Centurion Software	R8010	$150.00
Signal Booster (Includes: waterproof case and battery backup)	R4047	$560.00
Standard Installation/Training	R9992	$1,800.00

Additional Sensors – EchoStream (ES)	PART NUMBER	PRICE EXW*
Duress Button – Double Button/Water Resistant Pendant	R4033	$90.00
Duress Button – Single Button/Water Resistant Pendant	R4034	$90.00
Duress Button – Double Button/Single Function	R4035	$85.00
Duress Button – Single Button (Red)	R4036R	$90.00
Duress Button – Single Button (Green)	R4036G	$90.00
Duress Button – Double –Single Function/Belt Clip	R4037	$90.00
Duress Button – Single Button/Belt Clip	R4038	$90.00
Duress Button – Industrial (Red) Button	R4069	$235.00
Duress Button – Industrial (Red) Button/Waterproof Box	R4059	$240.00
Duress Button – "Man Down"	R4057	$185.00
Universal Transmitter	R4027	$70.00
Door/Window Contact	R4028	$70.00
Smoke Detector	R4039	$160.00
Wireless Bill Trap	R4051	$135.00
Motion Detector – Sharpshooter PIR (Indoor)	R4041	$160.00
Motion Detector – Ceiling Mount 360° PIR (Indoor)	R4043	$180.00
Motion Detector – Dutdoor Perimeter (40 feet/90°)	R5055	$385.00
Motion Detector – Dutdoor Perimeter (80 feet/3°)	R5062	$385.00
Glass Break Detector	R4040	$160.00

Motion Activated Digital Camera - Memo Cam B/W, 0.1 Lux (normal light)	R5048	$565.00
Motion Activated Digital Camera - Memo Cam B/W X, 0.003 Lux (low light)	R5049	$900.00
Motion Activated Digital Camera - Memo Cam Color, 0.5 Lux (normal light)	R5050	$885.00
Motion Activated Digital Camera – Trail Cam (4 mega pixel) and B/W (2 mega pixel)	R5052	$380.00
Temperature Transmitter H/L – Winland	R5053	$185.00
Pressure Mat	R5054	$205.00
Trip Beam (190 feet inside/90 feet outside)	R5044	$305.00
Trip Beam (390 feet inside/190 feet outside)	R5045	$345.00
Additional Sensors – EchoStream (ES)	**PART NUMBER**	**PRICE EXW***
Water Detection Device	R5046	$170.00
Tilt Switch	R5047	$90.00
Car Counter	R5058	$190.00
Strobe and Siren (Includes: Universal Transmitter and add-on Receiver)	R5034	$275.00

Radio Kits - Centurion	**PART NUMBER**	**PRICE EXW***
Radio Kits – StopTech Supplied Radio		
Vertex Standard VX231 VHF Kit (Includes: Vertex 231, Vertex 231 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7114	$540.00
Vertex Standard VX231 UHF Kit (Includes: Vertex 231, Vertex 231 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7115	$540.00
Radio Kits – Customer Supplied Radio		
Motorola XTS1500/2500 Kit (Includes: XTS Series Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7116	$410.00
Motorola XTS5000 Kit (Includes: XTS Series Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7117	$555.00
Motorola HT1250/MTS2000/MTS/MTX Kit (Includes: HT1250/MTS2000/MTS/MTX Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7118	$810.00
Motorola HT1000 Kit (Includes: HT1000 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7119	$800.00
GE LPE200 Kit (Includes: GE LPE200 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7120	$810.00
GE P5100 Jaguar/Harris 7100 Kit (Includes: GE P5100/Harris 7100 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7121	$710.00
Motorola HT750 Kit (Includes: HT750 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7122	$410.00
Motorola XPR6550 Kit (Includes: XPR6550 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7124	$530.00
Motorola APX7000 Kit (Includes: APX7000 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7125	$1,075.00
Harris P5400 (Includes: Harris P5400 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7126	$800.00
Tait TP9100 Kit (Includes: TP9100 Mic Cord, Coax Cable, Antenna Adapter, Battery Eliminator, Bulkhead Connector Antenna, Antenna and 11" Velcro Strap)	R7127	$590.00

Other Items - Centurion	**PART NUMBER**	**PRICE EXW***
Relay Wiring Harness	R3024	$12.50
Surge Protection Device	R3101	$315.00
Centurion Receiver	R4049	$200.00
Centurion Internal Battery	R6003	$17.00
Centurion LCD Screen	R3005	$120.00
IO Board Set Complete	R3001	$1,665.00
Smoke Detector Optical Chamber	R4062	$4.50

Table 1 – Pricing for Components and Installation

Signal Booster Transformer	R4012	$12.60
Motion Activated Digital Camera Reader	R5006	$36.00

Antenna 800 MHZ	R7024	$37.00
Antenna UHF	R7025	$36.00
Antenna VHF	R7026	$42.00

*** EXW – StopTech, Ltd. Harrison, OH 45030 - Transportation, insurance and freight forwarding charges are the responsibility of the buyer.**

C. **Price for Installation.** For the complete installation of each Centurion Wireless Security System, the AOC will pay the Contractor a flat standard installation/training charge of **$1,800.00**, inclusive of the time (up to 8 productive hours), labor, and travel expenses, including related per diem, necessary for the Contractor's factory-authorized technician to perform all required Tasks to install such system at the installation Site, including the following:

i. Configuration and physical installation of the central control unit, and all applicable duress buttons, repeaters (signal boosters), and/or other sensors and equipment.

ii. System testing and analysis.

iii. Confirmation of RF communication (message clarity, signal strength).

iv. Training, including instruction on day-to-day operation, preventative maintenance, and system features and capabilities.

D. **Miscellaneous Charges**. The Member will pay the Contractor for any applicable State of California or local sales or use taxes on the services rendered or equipment or component parts supplied pursuant to this Master Agreement. If authorized in a Work Order, the Member will also pay the Contractor for the following charges: delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, and cost of bonds.

E. **Pricing for Extending Limited Warranty.**

i. Pricing for extending the period of the Contractor's limited warranty for each Centurion Wireless Security System purchased and installed pursuant to this Master Agreement, beyond the initial two (2) year period commencing upon Acceptance, as further set forth in paragraphs 29.B. of Exhibit B, Special Provisions, is set forth in Table 2, below, inclusive of software updates, parts, and labor, but exclusive of radios, sensors, repeaters, receivers, and travel-related expenses, including per diem.

ii. Pricing for extending the period of the Contractor's limited warranty for each Centurion Scout® Mobile Security System purchased and installed pursuant to this Master Agreement, beyond the initial one (1) year period commencing upon Acceptance, as further set forth in paragraphs 29.C. of Exhibit B, Special Provisions, is set forth in Table 2, below, inclusive of software updates, parts, and labor, but exclusive of radios, sensors, repeaters, receivers, and travel-related expenses, including per diem.

iii. The base cost for extending the period of the limited warranty starts at **$300.00** per year or at **$25.00** per month for 0-8 messages, and increases for each additional message thereafter, as further illustrated by Table 2, below.

Table 2, Price List for Extending Limited Warranty on Centurion® Wireless Security System and Centurion Scout® Mobile Security System, Per Year and Per Month

No. of Messages	Price Per Year	Price Per Month
0-8	$300.00	$25.00
9	$304.00	$25.33
10	$308.00	$25.67
11	$312.00	$26.00
12	$316.00	$26.33
13	$320.00	$26.67
14	$324.00	$27.00
15	$328.00	$27.33
16	$332.00	$27.67
17	$336.00	$28.00
18	$340.00	$28.33
19	$344.00	$28.67
20	$348.00	$29.00
21	$352.00	$29.33
22	$356.00	$29.67
23	$360.00	$30.00
24	$364.00	$30.33

No. of Messages	Price Per Year	Price Per Month
25	$368.00	$30.67
26	$372.00	$31.00
27	$376.00	$31.33
28	$380.00	$31.67
29	$384.00	$32.00
30	$388.00	$32.33
31	$392.00	$32.67
32	$396.00	$33.00
33	$400.00	$33.33
34	$404.00	$33.67
35	$408.00	$34.00
36	$412.00	$34.33
37	$416.00	$34.67
38	$420.00	$35.00
39	$424.00	$35.33
40	$428.00	$35.67

F. **Price for Service Not Covered by Limited Warranty**. Pursuant to a Work Order, the Member shall reimburse the Contractor at the rate of **$80.00** per hour to provide service at a Site or at the Contractor's manufacturing facility, which is not covered under the provisions of limited warranty or standard installation/training, as set forth in paragraph 29 of Exhibit B, Special Provisions and paragraph C of this Exhibit F, Price for Installation.

G. **Meals and Loding expenses.** As set forth in Exhbit C, paragraph 3, Allowable Expenses, the Member shall reimburse the Contractor for overnight travel, in accordance with the California Victim Compensation and Government Claims Board (formerly State Board of Control) guidelines, for reasonable actual meal and lodging expenses. Meals shall be reimbursed at the actual cost not to exceed the following maximum amounts per person per Day: breakfast~**$6.00**; lunch~**$10.00**; dinner~**$18.00**; and/or incidentals~**$6.00**. Hotel room rental shall be reimbursed for the actual cost not to exceed **$110.00** per Day, plus tax and energy surcharge, when applicable, or **$140.00** per Day, plus tax and energy surcharge, when applicable, in the counties of Alameda, San Francisco, San Mateo, and Santa Clara.
