1. The data reflect the number of justices and judges on the bench as of December 31, 2011. For the Courts of Appeal, the data do not include justices who have been appointed, but not yet confirmed. For the trial courts, the data reflect those judges who have taken their oaths of office as of December 31, 2011.

2. The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2000. The same category descriptions were used by the U.S. Census Bureau in Census 2010. See page 20 for descriptions of race and ethnicity categories.

3. "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race only" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories.

4. "Information not provided" includes data in which no responses were received from justices or judges, as well as responses in which they declined to provide the information.

5. "Information not provided" includes data in which no responses were received from justices or judges, as well as responses in which they declined to provide the information.

6. As more than one category in the questionnaire can be selected, the total number of responses selected for all the categories exceed the number of justices and judges included in the survey, thus leading to total percentages greater than 100.

7. The years listed in the first column indicate the years in which the reports were published. The 2007 and 2008 reports reflect the number of justices and judges on the bench as of February 1 of those years. The 2009, 2010, 2011, and 2012 reports reflect the number of justices and judges on the bench as of December 31 of the previous year.

Note: The changes in percentages from year to year are the result of more than one factor, including: (1) new judicial appointments; (2) judicial retirements; and (3) newly-acquired information from judges on the bench who previously did not provide their race/ethnicity information.

Demographic Data Provided by Justices and Judges Relative to Race/Ethnicity (Gov. Code, § 12011.5(n)) As of December 31, 2011

Race/Ethnicity Categories

The category descriptions are adapted from definitions used by the U.S. Census Bureau in Census 2000, which for the first time invited respondents to identify more than one category. The same category descriptions were used in Census 2010.

American Indian or Alaska Native: A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent. The category includes persons who indicate their race as Cambodian, Chinese, East Indian, Filipino, Japanese, Korean, Malaysian, Pakistani, Thai, or Vietnamese.

Black or African American: A person having origins in any of the black racial groups of Africa.

Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White: A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
