JUDICIAL COUNCIL
OF CALIFORNIA

DECEMBER 2021

During the first year of the 2021–2022 Legislative Session, the Legislature and Governor enacted numerous bills that affect the courts or are of general interest to the judicial branch. Brief descriptions of the measures of greatest interest follow, arranged according to subject matter. Also included is a table summarizing new laws that create new crimes or expand existing crimes, as well as an index listing all the bills and the page numbers on which their descriptions can be found.

The effective date of legislation is stated with each measure. Urgency and budget measures normally take effect immediately upon enactment, and some other measures have delayed operative dates.

This *Summary* is intended to serve only as a guide to identify bills of interest; the bill descriptions are not a complete statement of statutory changes. Code section references are to the sections most directly affected by the bill; not all sections are necessarily cited.

Until the annual pocket parts are issued, bill texts can be examined in their chaptered form in *West's California Legislative Service* or *California Deering's Advance Legislative Service*, where they are published by chapter number. In addition, chaptered bills and legislative committee analyses can be accessed on the internet at <http://leginfo.legislature.ca.gov>. Individual chapters may be ordered directly from the Legislative Bill Room, State Capitol, 10th Street, Room B32, Sacramento, California 95814, 916-445-2323.

APPELLATE PROCEDURE

AB 624 (BAUER-KAHAN), CH. 195
EFFECTIVE JANUARY 1, 2022

JUVENILES: TRANSFER TO COURT OF CRIMINAL JURISDICTION: APPEALS

Makes an order transferring a minor from a juvenile court to a court of criminal jurisdiction subject to immediate appeal if a notice of appeal is filed within 30 days of the order transferring the minor. Upon request of the minor, requires the superior court to issue a stay of the criminal court proceedings until a final determination of the appeal. Requires the appeal to have precedence in the court to which the appeal is taken and to be determined as soon as practicable after the notice of appeal is filed. Requires the Judicial Council to adopt rules of court to ensure that the juvenile court advises the minor of the right to appeal, of the necessary steps and time for taking an appeal, and the right to the appointment of counsel if the minor is unable to retain counsel, the prompt preparation and transmittal of the record from the superior court to the appellate court, and adequate time requirements exist for counsel and court personnel to implement the objectives of the law. (W&I add 801)

AB 1194 (LOW), CH. 417
EFFECTIVE JANUARY 1, 2022

CONSERVATORSHIPS

Requires a professional fiduciary with an internet website to post a fee schedule on their internet website and requires a professional fiduciary without an internet website to provide that fee schedule to specified persons. Requires the Professional Fiduciaries Bureau to impose sanctions on a professional fiduciary on a finding of a violation of applicable statutes or regulations, a breach

of fiduciary duty where there is a finding of serious financial or physical harm or mental suffering, or that the professional fiduciary has committed acts of abuse. Requires the bureau to revoke a professional fiduciary's license for a knowing, intentional, or willful breach of duty that constituted abuse of an elder or dependent adult client, or for gross negligence or gross incompetence that caused serious physical or financial harm or mental suffering to a client. Authorizes the probate court to impose a civil penalty up to \$10,000 for each separate act of abuse on a conservator who is a professional fiduciary who abuses a conservatee, payable to the estate of the conservatee. Authorizes the probate court to impose a civil penalty up to \$1,000 for each separate act of abuse on a conservator who is not a professional fiduciary who abuses a conservatee, payable to the estate of the conservatee.

Requires the probate court, in specified proceedings, to appoint the public defender or private counsel to represent a conservatee, proposed conservatee, or person alleged to lack legal capacity if the person has not retained legal counsel and does not plan to retain legal counsel. Requires the court to allow representation by an attorney for whom a conservatee, proposed conservatee, or person alleged to lack legal capacity expresses a preference, even if the attorney is not on the court's list of attorneys eligible for court appointment, unless the attorney cannot provide zealous advocacy or has a conflict of interest. Specifies that the role of legal counsel for a conservatee, proposed conservatee, or person alleged to lack legal capacity is that of a zealous, independent advocate, consistent with the attorney's general legal and ethical obligations. Requires an appellate court to appoint counsel for a conservatee or proposed conservatee in an appeal or writ proceeding arising out of specified proceedings. Shifts the burden of proof on a petition to terminate a conservatorship to an objector by requiring the court to terminate the conservatorship unless it determines, by clear and convincing evidence, that the conservatee meets the criteria for initial appointment of a conservator and that a conservatorship is the least restrictive alternative needed for the conservatee's protection. Removes court discretion to allow a guardian or conservator who is not a trust company, or an employee of such a guardian or conservator, to hire or refer business to an entity in which they have a financial interest. Authorizes a guardian or conservator who is a professional fiduciary to hire individuals as employees with court approval. Prohibits a guardian or conservator from being compensated

from the estate for any costs or fees that they incurred in unsuccessfully defending a fee request petition or opposing a petition or other request made by, or on behalf of, the ward or conservatee. Authorizes the court to reduce, rather than simply deny, the compensation for costs and fees incurred if the court determines, by clear and convincing evidence, that the defense was made in good faith, was based on the best interest of the ward or conservatee, and did not harm the ward or conservatee.

Requires the court to award the costs of a successful petition to remove a guardian or conservator and other expenses and costs of litigation to the petitioner. Requires the Judicial Council to report to the Legislature, on or before January 1, 2024, specified findings and recommendations regarding court effectiveness in conservatorship cases.

Contingent upon an appropriation of funds by the Legislature, requires the court to report specified violations by and penalties imposed on a professional fiduciary to the bureau, and requires the court to give the bureau access to court records containing information about the court's investigation of the fiduciary's conduct. Requires a court investigator to gather and review medical reports as part of the initial investigation; specifies the determinations the investigator is required to make in both initial and review investigations; authorizes an interested person, as defined, with personal knowledge of a conservatee to petition the court to investigate an allegation of physical abuse or financial abuse of a conservatee by a conservator and require the court to investigate those allegations that show a prima facie case of abuse. Removes the court's discretion to set a review hearing after the first annual review hearing out two years; requires the court, at each statutory review hearing held one year after appointment and annually thereafter, to consider terminating the conservatorship under the standards in Probate Code section 1860.5 or 1863 and, if the court does not terminate the conservatorship, to consider modifying the powers and duties of the conservator to ensure that it remains the least restrictive alternative needed for the protection of the conservatee. (B&P amend 6580, add 6563; PROB amend 1051, 1460, 1471, 1826, 1850, 1850.5, 1851, 1851.1, 1860, 1860.5, 1862, 1863, 2250, 2250.6, 2253, 2401, 2620, 2623, 2640, 2641, 2653, add 1851.6, 2112, add and repeal 1458)

CHILD WELFARE

AB 153 (COMMITTEE ON BUDGET), CH. 86

EFFECTIVE IMMEDIATELY

PUBLIC SOCIAL SERVICES

Among other things, conforms state law to the federal Family First Prevention Services Act (federal FFPSA), enacted as part of Public Law 115-123 authorizing new optional title IV-E funding for time-limited prevention services for mental health, substance abuse, and in-home parent skill-based programs for children or youth who are candidates for foster care, pregnant or parenting youth in foster care, and the parents or kin caregivers of those children and youth. Specifically, states the intent of the Legislature to exercise the option afforded to states in the federal FFPSA to receive federal financial participation for prevention services that are provided for a candidate for foster care, a pregnant or parenting foster youth, and their parents or kin caregivers, and the allowable costs for

the proper and efficient administration of the program. The federal FFPSA provides states with an option to use federal funds under title IV of the federal Social Security Act to provide mental health and substance abuse prevention and treatment services and in-home parent skill-based programs to a child who is a candidate for foster care or a child in foster care who is a pregnant or parenting foster youth.

Authorizes a county, or Indian tribe, consortium of tribes, or tribal organization that has entered into an agreement with the state regarding the care and custody of Indian children to elect to provide the FFPSA prevention services. Requires the State Department of Social Services (DSS) to have oversight of those prevention services and to seek all necessary federal approvals to obtain title IV-E federal financial participation for those prevention services. Requires the DSS to develop an allocation methodology to distribute state funding for the prevention services program. Requires counties to use the allocated funds and to document and report the services.

Requires a short-term residential therapeutic program (STRTP), as a condition of licensure, to provide specified trauma-informed support and transition services to foster youth as part of a planned or unplanned discharge. An STRTP is a residential facility licensed by the DSS and operated by any public agency or private organization that provides an integrated program of specialized and intensive care and supervision, services and supports, treatment, and short-term, 24-hour care and supervision to children, including foster children.

Makes various changes to provisions relating to the licensing of, and the placement of foster youth in, STRTPs in order to conform those provisions to the federal FFPSA requirements, including requiring a qualified individual, as defined and based on federal approval and a process developed jointly by specified departments, to conduct an assessment of certain placements to STRTPs establishing a process for the juvenile court to review and approve the placement of a dependent child, ward, or nonminor dependent in a STRTP, requiring county social workers and probation officers to include certain information in specified social studies, reports, and case plans, requiring STRTPs to ensure the availability of nursing staff, and providing at least six months of family-based aftercare services post-discharge.

In addition to conforming state law to federal FFPSA provisions, AB 153 prohibits the placement of foster youth, nonminor dependents, and wards of the court in out-of-state residential facilities, as defined, on and after July 1, 2021. Authorizes those placements before July 1, 2022, if specified criteria are met, including that the facility has been certified for placement by the DSS or is exempt from that certification. On and after July 1, 2022, prohibits the DSS from certifying new out-of-state residential facilities or seeking approval of new placements by county child welfare agencies or probation departments in out-of-state residential facilities. Prohibits county child welfare agencies from placing a child in an out-of-state residential facility, unless specified placement criteria are met and the agency completes specified tasks to seek a child-specific certification of an out-of-state residential facility. Requires the DSS to decertify all out-of-state residential facilities on or after January 1, 2023, and ensure that all children and youth have been returned to California by that date. Sets forth the duties of the DSS, as the designated Compact Administrator for the state under the Interstate Compact on the Placement of Children, in reviewing a child-specific approval of a placement in an out-of-state residential facility. Requires the DSS to report the number of children placed in an out-of-state residential facility under the compact on or before September 1, 2021, and each month thereafter, as specified, and requires the DSS to report every six months beginning January 1, 2022, specified data on children placed in out-of-state residential facilities. Makes conforming changes pursuant to these larger changes.

Requires the DSS, jointly with the Department of Health Care Services (DHCS), to establish the Children's Crisis Continuum Pilot Program for the purpose of developing treatment options that are needed to support California's commitment to eliminate the placement of foster youth with complex needs in out-of-state facilities. Requires the DSS to establish guidelines for foster youth eligibility and the selection, operation, and evaluation of the five-year pilot program, including guidelines on specified aspects of the structure of the pilot program. Requires the DSS, jointly with the DHCS, to take specified actions, including providing technical assistance to applicants and participating entities, awarding grants to participating entities, and developing a request for proposal process and selection criteria to determine which applicants will participate in the pilot program. Requires the selection criteria to include certain components, including

submission of a plan by an applicant. Requires proposals to be submitted no later than January 31, 2022, and that grant funds be disbursed no later than March 31, 2022. Requires participating entities to develop, in collaboration with a workgroup, a highly integrated continuum of care for foster youth served in the pilot program. Requires the continuum of care, across all service settings, to reflect specified core program features and service approaches, including highly individualized and trauma-informed services.

Requires the DSS, three years after commencement of the pilot program, and no later than April 1, 2025, to submit an interim report relating to the pilot program to the Assembly Committee on Human Services and the Senate Committee on Human Services. Authorizes the pilot program to be implemented through all-county letters or other similar instruction and would require any guidance issued under that authorization to be issued by March 1, 2022.

Requires the joint interagency resolution team formed by the Secretary of the California Health and Human Services Agency and the Superintendent of Public Instruction to update the January 1, 2020, review regarding the placement and service options available to county child welfare agencies and county probation departments for specified children and youth with intensive needs and provide recommendations to the Legislature no later than December 31, 2022, that take into account the specific needs and characteristics of youth with unplanned discharges from STRTPs and youth for whom counties were unable to, or have difficulty with, securing placements and providing trauma-informed services. Requires the joint interagency resolution team to track and report deidentified information of children and nonminor dependents in foster care who have been assisted to preserve, or secure new, intensive therapeutic options and to post that information on the website of the California Health and Human Services Agency beginning July 1, 2022, and annually thereafter.

Requires the DSS to allocate funds appropriated in the Budget Act of 2021 through contracts with community-based providers or entities or through local assistance allocations to counties or Indian tribes that support new or expanded programs, services, and practices that ensure the provision of a high-quality continuum of care that is designed to support foster children in the least restrictive setting. Additionally, requires the DSS to use the allocated funds to supplement county efforts to build system

capacity for specified activities, including specialized models of professional foster care. Requires the DSS and the DHCS, in consultation with county representatives and other stakeholders, to develop recommendations for implementing and expanding high-fidelity wraparound services statewide.

Requires a county social worker or probation officer to include in certain reports to the juvenile court a factual discussion of whether the youth or nonminor dependent has received comprehensive sexual health education and whether the youth or nonminor dependent has been informed of the topics relating to reproductive and sexual health care.

Requires a county social worker or probation officer to include in certain reports to the juvenile court the identity of the person or persons responsible for assisting the child or nonminor dependent with applications for postsecondary education and related financial aid, unless the child or nonminor dependent states that they do not want to pursue postsecondary education, including career or technical education. Requires the juvenile court to make a determination regarding whether the social worker has performed these duties. Requires the Judicial Council, on or before January 1, 2023, to amend and adopt rules of court and to develop appropriate forms necessary to implement these requirements.

Makes a pregnant minor or nonminor dependent eligible for the infant supplement for a specified period before the expected date of birth. Requires the DSS to develop and implement automated payments for these purposes.

Extends eligibility for payments under the Approved Relative Caregiver Funding Program on behalf of a child or nonminor dependent placed out of state in the home of a relative, if the child or nonminor dependent is ineligible for Aid to Families with Dependent Children—Foster Care payments and meets other existing eligibility requirements. Requires the home of the out-of-state relative to be licensed or approved as required by the state in which the home is located.

Extends payments for children placed with caregivers who have not yet completed the resource family approval process for the 2021–22 fiscal year, delaying the time limits that were to begin in the 2021–22 fiscal year to apply beginning in the 2022–23 fiscal year. For the 2021–22 fiscal year, makes these payments eligible for the federal and state share of payment until approval

or denial of the resource family application or for up to 120 days, whichever comes first, and would authorize an extension of eligibility for the federal and state share of payment for up to 365 days if certain conditions are met by the county, including, among others, the provision of monthly documentation showing good cause for the delay in approving the resource family application that is outside the control of the county.

Extends the interim foster family agency rates through December 31, 2022, and increases the amount included for the component for social workers in the interim rates by \$50 per child, per month, effective July 1, 2021. States the intent of the Legislature to develop an ongoing payment structure for foster family agency rates no later than January 1, 2023, and requires the payment structure to be implemented when the DSS notifies the Legislature that the statewide automation systems can complete the necessary automation functions.

Requires the DSS, subject to an appropriation for this purpose in the annual Budget Act, to administer the California Guaranteed Income Pilot Program to provide grants to eligible entities for the purpose of administering pilot programs and projects that provide a guaranteed income to participants. Requires the DSS to prioritize funding for pilot programs and projects that serve California residents who age out of the extended foster care program and pregnant individuals. Requires the DSS, in consultation with relevant stakeholders, to determine the methodology for, and manner of, distributing California Guaranteed Income Pilot Program grants, subject to certain requirements, and requires an eligible entity, in order to receive a grant, to take specified actions, including presenting commitments of additional, nongovernmental funding for the pilot programs and projects to be funded with the grant. Prohibits payments received by an individual from the California Guaranteed Income Pilot Program or project funded by those grants from being treated as income or resources for the purpose of determining eligibility or the amount of benefits under any state or local benefit or assistance program. Requires departments that administer certain federal benefit or assistance programs to, if possible, approve an exemption or waiver to exclude a guaranteed income payment from consideration as income or resources for purposes of the federal benefit or assistance program, or seek federal waivers or exemptions to do so. Requires the DSS, upon allocation of funding to eligible entities, to report to the

Legislature and post publicly on its website information about the California Guaranteed Income Pilot Program grants funded. Also requires the DSS to review and evaluate the pilot programs and projects funded pursuant to these provisions, provide a report to the Legislature regarding that review and evaluation, and post a copy of the report on its website. Exempts contracts or grants awarded under the California Guaranteed Income Pilot Program from specified personal services contracting requirements, the Public Contract Code, the *State Contracting Manual*, and approval by the Department of General Services. Authorizes the DSS to implement the program without taking any regulatory action. Makes these provisions inoperative on July 1, 2026, and repeals them on January 1, 2027. (FAM amend 7908, 7910, and 7912, repeal and add 7911 and 7911.1; H&S amend 1502, 1562.01, 50807, add chapter 11.8 (commencing with 50811) and chapter 11.9 (commencing with 50820) to part 2 of division 31; W&I amend 319, 319.3, 358.1, 361.2, 361.21, 366, 366.1, 366.3, 366.31, 636, 706.5, 706.6, 727.1, 727.2, 4096, 4096.5, 4648, 11402, 11403.3, 11461.3, 11461.36, 11462.01, 11463, 11465, 16010.7, 16121, 16501, 16501.1, 16521.6, 16521.8, 16530, add 361.22, 727.12, 4096.55, 4096.6, 11402.005, 16001.1, 16010.9, 18257.5, add chapter 6 (commencing with 16550) and chapter 7 (commencing with 16585) to part 4 of division 9, add and repeal chapter 16 (commencing with 18997) of part 6 of division 9)

GUARDIANSHIPS

Revises the probate court guardianship process by requiring good cause to waive the guardianship investigation and prohibiting the probate court from hearing and determining the petition to appoint a guardian until the child welfare agency has completed its investigation and submitted its report to the probate court. Requires the Judicial Council to develop a form for use in both dependency cases and probate guardianships that assists potential legal guardians with understanding their rights, duties, and obligations as a guardian of a minor, that provides information about the services and supports available to a probate guardian and how they differ from the services and supports available to a caregiver in the child welfare system or a guardian appointed by the juvenile court. If the probate court has referred a matter to juvenile court, requires the social worker to immediately investigate and to report the findings and conclusions of the investigation to the probate court, and authorizes the probate court or appointed counsel, within one month after the referral, to request that the juvenile court review the decision of the social worker not to file a petition. Authorizes the juvenile court to either affirm the decision of the social worker or, if the juvenile court finds that the child is, prima facie, a dependent child of the court, to order the social worker to commence juvenile court proceedings. COVID-19 RELIEF: TENANCY: FEDERAL RENTAL ASSISTANCE

Extends the eviction moratorium through September 30, 2021, and implements post-moratorium recovery provisions for unlawful detainer actions filed on or after October 1, 2021, through March 31, 2022.

Eviction moratorium extension

Extends the "covered time period" from March 1, 2020, to September 30, 2021 (currently ends on June 30, 2021). During the covered time period, a tenant cannot be guilty of an unlawful detainer based on nonpayment of COVID-19 rental debt if the tenant pays at least 25 percent of rent demanded and delivers a declaration of COVID-19-related financial distress to the landlord.

Creates a new 15-day notice for landlords to serve to tenants on and after July 1, 2021, that includes information about rental assistance. Requires landlords to, prior to July 31, 2021, provide a new notice to tenants that have not paid one or more rental payments regarding COVID-19-related financial distress and the availability of rental assistance.

Extends additional damages landlords are liable to pay for violation of Civil Code section 789.3 (turning off utilities, locking the tenant out, etc.) from July 1, 2021, to October 1, 2021.

Extends to November 1, 2021, the prohibition against commencing an action to recover COVID-19 rental debt. Extends the stay for cases to recover COVID-19 rental debt pending before the court as of January 29, 2021, to November 1, 2021, but specifies that actions for breach of contract to recover rental debt that were filed before October 1, 2021, shall not be stayed, and may proceed.

Adds a requirement for a statement regarding the availability of rental assistance to be included in the information a court clerk mails to each defendant named in an unlawful detainer complaint for notices sent out between October 1, 2021, and March 31, 2022. Deletes the prior July 1, 2021, repeal date of the section masking unlawful detainer case records.

Requires the Judicial Council to develop forms for parties to utilize in civil actions for recovery of COVID-19 rental debt to facilitate masking of those cases. Deletes the prior July 1, 2021, repeal date of the section masking COVID-19 rental debt case records.

COVID-19 Rental Housing Recovery Act

Enacts the COVID-19 Rental Housing Recovery Act, which creates a framework for residential unlawful detainer cases from October 1, 2021, to March 31, 2022. The act includes a new notice provision for demands of payment of COVID-19 recovery period rental debt, which is rent that came due between October 1, 2021, and March 31, 2022. Requires courts to dismiss any unlawful detainer cause of action that does not meet the noticing requirements for demands of COVID-19 recovery period rental debt and states that a defendant may raise the insufficiency of such a notice as a complete defense to an unlawful detainer.

Prohibits a court from issuing a summons on an unlawful detainer case based on nonpayment of rental debt accumulated due to COVID-19 hardship unless the plaintiff verifies that the landlord took certain actions relative to receiving rental assistance. States that a court shall not issue a judgment or default judgment on an unlawful detainer case based on nonpayment of rental debt accumulated due to COVID-19 hardship unless, upon review, the court finds that the landlord took certain actions relative to receiving rental assistance. Specifies that these requirements do not apply to tenancies that were initially established on or after October 1, 2021.

Creates a new process for tenants to recover a lease or rental agreement and restore tenancy where an unlawful detainer action based on nonpayment of rental debt

that accumulated due to COVID-19 financial hardship has commenced, but the tenant has an approved rental assistance application to cover all rental debt demanded in the complaint and the premises have not yet been restored to the landlord. Sets procedures to such an application for relief, which require a court to set a hearing on the matter on not less than 5 days' notice and not more than 10 days' notice to the parties and, as applicable, stay the unlawful detainer action, stay any writ of possession that has been issued, and notify the sheriff accordingly.

Updates to state rental assistance program

Amends the rental assistance law so that rental assistance will cover 100 percent of an eligible household's unpaid rental debt accumulated on or after April 1, 2020. Enacts requirements for government rental assistance programs to adopt in order to allow landlords, tenants, and the courts to verify information on the status of rental assistance applications. Urgency clause makes this bill operative June 28, 2021. CRIMINAL PROCEDURE

Requires the court, when selecting the term that best serves the interests of justice, to consider as factors in mitigation of the crime if the defendant experienced intimate partner violence, commercial sex trafficking, commercial sexual exploitation, or human trafficking, and if the trauma of those experiences was a contributing factor to the defendant's criminal behavior. Authorizes the court to recall a person's sentence and resentence them upon a motion by the defendant and in doing so to consider whether enumerated factors relating to partner abuse and human trafficking and if associated trauma contributed to the defendant's criminal behavior that would make a sentence other than the lowest possible sentence unduly harsh. recovery period rental debt and states that a defendant may raise the insufficiency of such a notice as a complete defense to an unlawful detainer.

Prohibits a court from issuing a summons on an unlawful detainer case based on nonpayment of rental debt accumulated due to COVID-19 hardship unless the plaintiff verifies that the landlord took certain actions relative to receiving rental assistance. States that a court shall not issue a judgment or default judgment on an unlawful detainer case based on nonpayment of rental debt accumulated due to COVID-19 hardship unless, upon review, the court finds that the landlord took certain actions relative to receiving rental assistance. Sets procedures to such an application for relief, which require a court to set a hearing on the matter on not less than 5 days' notice and not more than 10 days' notice to the parties and, as applicable, stay the unlawful detainer action, stay any writ of possession that has been issued, and notify the sheriff accordingly.

abuse of an elder or dependent adult client, or for gross negligence or gross incompetence that caused serious physical or financial harm or mental suffering to a client. Removes court discretion to allow a guardian or conservator who is not a trust company, or an employee of such a guardian or conservator, to hire or refer business to an entity in which they have a financial interest. Authorizes a guardian or conservator who is a professional fiduciary to hire individuals as employees with court approval. Prohibits a guardian or conservator from being compensated from the estate for any costs or fees that they incurred in unsuccessfully defending a fee request petition or opposing a petition or other request made by, or on behalf of, the ward or conservatee. Authorizes the court to reduce, rather than simply deny, the compensation for

costs and fees incurred if the court determines, by clear and convincing evidence, that the defense was made in good faith, was based on the best interest of the ward or conservatee, and did not harm the ward or conservatee.

Requires the court to award the costs of a successful petition to remove a guardian or conservator and other expenses and costs of litigation to the petitioner. Removes the court's discretion to set a review hearing after the first annual review hearing out two years; requires the court, at each statutory review hearing held one year after appointment and annually thereafter, to consider terminating the conservatorship under the standards in Probate Code section 1860.5 or 1863 and, if the court does not terminate the conservatorship, to consider modifying the powers and duties of the conservator to ensure that it remains the least restrictive alternative needed for the protection of the conservatee. (B&P amend 6580, add 6563; PROB amend 1051, 1460, 1471, 1826, 1850, 1850.5, 1851, 1851.1, 1860, 1860.5, 1862, 1863, 2250, 2250.6, 2253, 2401, 2620, 2623, 2640, 2641, 2653, add 1851.6, 2112, add and repeal 1458)

Adds provisions to the statutory forms for executing and revoking a revocable TOD deed to conform to these changes, and adds information to the statutory "common questions" pages. Requires, after the death of a transferor, that the beneficiary serve notice on the transferor's heirs, and creates a new statutory notice form for these purposes. Under specified circumstances, authorizes a court in which a transferor's estate is being administered to apply the doctrine of *cy près* to reform a revocable TOD deed that was made by the transferor for a charitable purpose. Provides that an error or ambiguity in describing property or designating a beneficiary would not invalidate a revocable TOD deed if the transferor's intention can be determined by a court. Establishes new processes for, and adds provisions relating to, among other things, the enforceability of unrecorded interests, the personal liability of a beneficiary, calculating a beneficiary's share of liability, the return of property to an estate by a beneficiary, and contesting the validity of a transfer or revocation. EFFECTIVE JANUARY 1, 2022

DOMESTIC VIOLENCE PROTECTIVE ORDERS: POSSESSION OF A FIREARM

Requires a court to order a restrained person subject to the provisions of the Domestic Violence Prevention Act to relinquish ammunition and to notify the parties of how any firearms or ammunition still in the restrained party's possession are to be relinquished and how to submit a receipt to the court. Requires the court to review the file to determine whether the receipt has been filed and inquire as to whether the person has complied with the

requirement. Requires the court, at a noticed hearing relating to a domestic violence protective order in family court or juvenile court, to consider information presented that the restrained person has possession or control of a firearm or ammunition. Authorizes the court, upon making this finding, to set a review hearing, as specified, to determine whether the person has possession or control of a firearm or ammunition in violation of the above provisions. Requires violations of the firearms or ammunition prohibition to be reported to the prosecuting attorney in the jurisdiction where the order has been issued within two business days of the court hearing unless the restrained party provides a receipt showing compliance at a subsequent hearing or by direct filing with the clerk of the court. Authorizes the relinquishment to occur by transferring the firearm or ammunition or relinquishing them for storage if the firearm or ammunition is not immediately surrendered to law enforcement upon service of the protective order. As part of the search, requires the court to make a written record as to whether the subject has relinquished the firearm. If evidence of compliance with the prohibition on firearms or ammunition is not provided, requires the clerk of the court to notify law enforcement officials and would require those law enforcement officials to take all actions necessary to obtain any firearms or ammunition owned, possessed, or controlled and to address any violation of the order with respect to firearms or ammunition, as specified. For purposes of rebutting the presumption that an award of sole or joint physical or legal custody of a child to a person who has perpetrated domestic violence is detrimental to the best interest of a child and establishes factors to be considered in rebutting that presumption, including that the perpetrator is restrained by a protective order and has, or has not, complied with that order, requires the court to also consider whether the person is a restrained person in possession or control of a firearm or ammunition in violation of the law. In suspending or denying custody or visitation or to limit visitation or custody only to situations in which a third person is present when determining the temporary custody and visitation of a minor child based on the best interest of the child, requires the court to consider whether the party is a restrained person in possession or control of a firearm or ammunition. Requires law enforcement to enter in all firearms that are relinquished as part of a domestic violence protective order into the Automated Firearms Systems. Exempts individuals who are complying with the firearms provisions of a protective order from the provisions that specify how firearms and

ammunition may be transported, including provisions that require the individual to be licensed to sell, lease, or transfer the firearms and ammunition. This exemption extends to the Safety for All Act of 2016, enacted by the voters as Proposition 63 at the November 8, 2016, General Election, which otherwise requires a valid ammunition vendor license to sell more than 500 rounds of ammunition in any 30-day period. JUVENILE JUSTICE

SB 92 (COMMITTEE ON BUDGET AND FISCAL REVIEW), CH. 18**EFFECTIVE IMMEDIATELY ON MAY 14, 2021,****AS AN ACT RELATED TO THE BUDGET BILL****JUVENILE JUSTICE TRAILER BILL**

Among other things, makes the statutory changes necessary to implement the juvenile justice-related provisions of the Budget Act of 2021.

Background on Division of Juvenile Justice realignment

Senate Bill 823 (Stats. 2020, ch. 337) implements closure of the Division of Juvenile Justice (DJJ) and shifts funding and responsibility for the highest-need youth to the counties. Declares this shift necessary to ensure that youth are closer to their families and receive age-appropriate treatment that is evidence-based, and to improve outcomes of youth and public safety, while also reducing the transfer of youth into the adult criminal justice system. Intends to ensure that youth are placed in the least-restrictive appropriate environment, and that resulting systems reduce and then eliminate racial and ethnic disparities, and reduce the use of confinement in the juvenile justice system. Stops intake at the DJJ as of July 1, 2021, unless a ward is subject to a motion for transfer to criminal court. Provides each county with annual funding on a formula basis to meet the needs of the population currently served by the DJJ.

Further, requires counties to establish a subcommittee of their juvenile justice coordinating council to develop a plan to meet the needs of the realigned population (W&I 1995), to be submitted to a new state agency, the Office of Youth and Community Restoration, by January 1, 2022. States the mission and duties of the new Office of Youth and Community Restoration, established within the Health and Human Services Agency on July 1, 2021, to include oversight of the realigned funds, promulgating best practices to make the system trauma informed and rehabilitative, and establishment of an ombudsman to investigate issues raised by those in the juvenile justice system. (W&I 2200.) Includes intent language for the Legislature to enact subsequent legislation outlining the procedures for committing a ward to a secure facility; SB 92 is the legislation that includes those provisions.

SB 92 and secure youth treatment facilities

Adds “secure youth treatment facilities” to the Welfare and Institutions Code, setting forth a new dispositional option for juveniles age 14 and over who are adjudicated for a Welfare and Institutions Code section 707(b) offense. States that commitments to a secure youth treatment facility (SYTF) have eligibility requirements, procedural requirements, and ongoing review requirements described below.

Requirements

Requires a SYTF to be a secure facility operated, utilized, or accessed by the county of commitment to provide appropriate programming, treatment, and education for wards who have been adjudicated for eligible offenses. (W&I 875(g)(1).) A SYTF may be a standalone facility, such as a probation camp or other facility operated under contract with the county, or with another county, or may be a unit or portion of an existing county juvenile facility, including a juvenile hall or probation camp, that is configured and programmed to serve the population. (W&I 875(g)(2).) Requires, by July 1, 2023, the Board of State and Community Corrections (BSCC) to review its existing juvenile facility standards and modify or add standards for the establishment, design, security, programming and education, and staffing of any facility that is utilized or accessed by the court as a secure youth treatment facility. Requires the standards to be developed by the board with the coordination and concurrence of the Office of Youth and Community Restoration. (W&I 876(g)(3).) Requires counties to notify the BSCC of their intent to establish a SYTF, and beginning July 1, 2022, requires the BSCC to conduct a biennial inspection of each SYTF that was used for the confinement of juveniles during the preceding calendar year. (W&I 876(g)(4).) Permits a county to contract with another county having a SYTF to accept commitments of wards, and a county may establish a SYTF to serve as a regional center for commitment of juveniles by one or more other counties on a contract payment basis. (W&I 876(g)(5), (6).) Makes the juvenile court and the local juvenile justice commission established under Welfare and Institutions Code section 225 responsible for annually inspecting any facility administered by the county or region. (W&I 209, 229.)

Eligibility

Requires, to be considered for a SYTF disposition, a ward to be age 14 or older, and states the most recent offense for which the ward was adjudicated must be listed in Welfare and Institutions Code section 707(b) (hereafter section 707(b)). Once that requirement is met, requires the court to also make a finding on the record that a less-restrictive alternative disposition is unsuitable for the ward. (W&I 875(a)(1)–(3).) When making that finding, requires the court to consider all relevant and material evidence, including the recommendations of counsel, the probation department, and any other agency or individual designated by the court to advise on the appropriate disposition of the case. Requires the determination to be based on all of the following criteria:

- The severity of the offense or offenses for which the ward has been most recently adjudicated, including the ward’s role in the offense, the ward’s behavior, and harm done to victims;
- The ward’s previous delinquent history, including the adequacy and success of previous attempts by the juvenile court to rehabilitate the ward;
- Whether the programming, treatment, and education offered and provided in a SYTF is appropriate to meet the treatment and security needs of the ward;
- Whether the goals of rehabilitation and community safety can be met by assigning the ward to an alternative, less restrictive disposition that is available to the court; and
- The ward’s age, developmental maturity, mental and emotional health, sexual orientation, gender identity and expression, and any disabilities or special needs affecting the safety or suitability of committing the ward to a term of confinement in a SYTF.

(W&I 875(a)(3).)

Baseline term of commitment; maximum confinement time

When committing a ward to a SYTF, requires the court to set a baseline term of commitment that must “represent the time in custody necessary to meet the developmental and treatment needs of the ward and to prepare the ward for discharge to a period of probation supervision in the community.” (W&I 875(b).) This term is to be based on an offense-based classification matrix to be developed and adopted by the Judicial Council by July 1, 2023. In the interim, courts are to base the term on the

discharge consideration guidelines that apply to the DJJ, which can be found in California Code of Regulations, title 9, sections 30807–30813. (For a summary of these regulations and the discharge guidelines for each offense, see Attachment A.) The court may, pending adoption of the council’s matrix, deviate from these guideline terms by plus or minus six months. (W&I 875(b).)

Also requires the court to set a maximum time of confinement that cannot extend beyond age 23 (or two years from the date of commitment if it would come after age 23) or, for offenses with an adult sentence of seven years or longer, age 25 (or two years after the date of commitment if it would come later than age 25). (W&I 875(c)(1).) States that the maximum time that a ward may be confined may not exceed the middle term of imprisonment that could be imposed on an adult for the same offense. (W&I 875(c)(2).)

Individual rehabilitation plan

Requires the court to review an individual rehabilitation plan for the ward within 30 days of making a commitment to a SYTF. (W&I 875(d)(1).) Requires that the plan be submitted by the probation department and “any other agencies or individuals the court deems necessary for the development of the plan.” (W&I 875(d)(1).) Permits that the plan may be developed in consultation with “a multidisciplinary team of youth service, mental and behavioral health, education, and other treatment providers who are convened to advise the court for this purpose.” (W&I 875(d)(1).) Permits the prosecutor and defense counsel to provide input prior to court approval of the plan, and permits the court to modify the plan based on the information it receives. Requires the plan to accomplish the following:

- Identify the ward’s needs in relation to treatment, education, and development, including any special needs the ward may have in relation to health, mental or emotional health, disabilities, or gender-related or other special needs;
- Describe the programming, treatment, and education to be provided to the ward in relation to the identified needs during the commitment period; and
- Reflect, and be consistent with, the principles of trauma-informed, evidence-based, and culturally responsive care.

(W&I 875(d)(2)(A)–(C).)

Requires that the ward and the ward's family be consulted in determining the ward's needs, and that the perspectives of the ward and the ward's family be included in the plan. (W&I 875(d)(2)(D).)

Progress review hearings at least every six months

Requires the court to schedule and hold a progress review hearing for each ward committed to a SYTF at least every six months and requires the court to evaluate the progress of the ward relative to the rehabilitation plan and determine whether the baseline term should be modified. Mandates that the court hear "the recommendations of counsel, the probation department[,] and any behavioral, educational, or other specialists having information relevant to the ward's progress." (W&I 875(e)(1).) At the conclusion of the hearing, permits the court to maintain the baseline term of commitment or lower it by no more than six months. In addition, permits the court to order that the ward be assigned to a less restrictive placement. (W&I 875(e)(1).) Prohibits the court from extending the baseline term for any disciplinary infractions, which must only be addressed by sanctions within the SYTF. (W&I 875(e)(2).)

Probation discharge hearing; probation supervision

At the end of baseline term, requires the court to review the ward's progress toward meeting the goals of the individual rehabilitation plan and the recommendations of counsel, the probation department, and any other agencies or individuals having information the court deems necessary. At the conclusion of the hearing, requires the court to order that the ward be discharged to a period of probation supervision in the community under conditions approved by the court, unless the court finds that the ward constitutes a substantial risk of imminent harm to others in the community if released from custody. If the court finds substantial risk, states that the ward can be returned to the SYTF for up to one additional year subject to the maximum confinement time and required progress reviews. (W&I 875(e)(3).)

If the ward is discharged to probation supervision, requires the court to "determine the reasonable conditions of probation that are suitable to meet the developmental needs and circumstances of the ward and to facilitate the ward's successful reentry into the community." (W&I 875(e)(4).) Requires the court to "periodically review" the ward's progress during the period of probation supervision. If the court finds the ward has "failed materially to comply with the reasonable orders of probation imposed by the

court," the court may order that the ward be returned to a juvenile facility or to a less restrictive placement for a period not to exceed either the remainder of the baseline term, including any court-ordered modifications, or six months, whichever is longer. However, states that this confinement must not extend beyond the maximum confinement limitations. (W&I 875(e)(4).)

Request for less restrictive placement

Permits the probation department or the ward to make a motion to transfer the ward from a SYTF to a less restrictive program (e.g., a halfway house, a camp or ranch, or a community residential or nonresidential service program) to facilitate the safe and successful reintegration of the ward into the community. Requires that the motion be considered at the next scheduled review hearing or at a separately scheduled hearing. Requires the court to consider the recommendations of the probation department on the proposed change in placement. States that the court must determine that the ward has made substantial progress toward the goals of the individual rehabilitation plan and that the placement is consistent with youth rehabilitation and community safety before ordering the transfer. In making that determination, requires the court to consider the following factors:

- The ward's overall progress in relation to the rehabilitation plan during the period of confinement in a SYTF; and
- The programming and community transition services to be provided or coordinated by the less restrictive program.

Permits the court to require the ward to observe any conditions of performance or compliance with the program that are reasonable and appropriate in the individual case and that are within the capacity of the ward to perform. Requires the court to set a time for completing the program within the baseline SYTF term remaining for the ward prior to the ward's eligibility for a discharge hearing. If after placement in a less restrictive setting the court determines that the ward has materially failed to comply with the court-ordered conditions of placement in the program, permits the court to modify the terms and conditions of placement or return the ward to a SYTF for the remainder of the baseline term, subject to further periodic review hearings and to the maximum confinement time set by the court at the outset of the commitment. (W&I 875(f).)

Setting aside or modifying a SYTF commitment

Permits the court to modify or set aside a commitment to a SYTF upon a written motion from the ward or the probation department and a “showing of good cause that the county or the commitment facility has failed, or is unable to, provide the ward with treatment, programming, and education that are consistent with the individual rehabilitation plan” or “that the conditions under which the ward is confined are harmful to the ward, or that the juvenile justice goals of rehabilitation and community safety are no longer served by continued confinement of the ward” in a SYTF. (W&I 779.5.)

Requires the court to hold a hearing on the motion and hear evidence from the ward, the probation department, and any behavioral health or other specialist with relevant information. At the conclusion of the hearing, requires the court to make findings on the record as to the custodial and supervision status of the ward based on the evidence presented. (W&I 779.5.)

Reduction of maximum confinement time for all juvenile justice wards to middle term

While previous statutory provisions allowed for the confinement of juveniles up to the maximum sentence that could be imposed on an adult, SB 92 provides that the middle term for an adult is now the maximum time that a ward can be confined when adjudicated for a delinquent offense. (W&I 727(d).) This same limitation on the maximum term of confinement applies to commitments to the DJJ. (W&I 731.)

Use of juvenile facilities for juvenile justice youth over age 18

Requires any youth whose case originates in the juvenile court be detained in a juvenile facility up to age 25 unless the court orders that the youth be moved to an adult facility after attaining 19 years of age. States that such an order may be made after the filing of a petition with the court by the probation department and a hearing on the petition. Provides that at the hearing there is a rebuttable presumption that the youth remain in the juvenile facility. Requires the court to evaluate the following criteria in making its decision on the petition and make written findings based on the totality of the criteria:

- The impact of being held in an adult facility on the physical and mental health and well-being of the person;
- The benefits of continued programming at the juvenile facility and whether required education and other

services called for in any juvenile court disposition or otherwise required by law or court order can be provided in the adult facility;

- The capacity of the adult facility to separate younger and older people as needed and to provide them with safe and age-appropriate housing and program opportunities;
- The capacity of the juvenile facility to provide needed separation of older from younger people given the youth currently housed in the facility; and
- Evidence demonstrating that the juvenile facility is unable to currently manage the person’s needs without posing a significant danger to staff or other youth in the facility.

(W&I 208.5(a)–(c).)

After a person who is between 19 and 24 years of age is moved to an adult facility, permits any party to file a motion upon a showing of changed circumstances to return that person to a juvenile facility and requires the court to consider the criteria set forth above in determining whether to grant the motion. (W&I 208.5(d).) States that a ward who is 19 or older and committed to a juvenile facility may not be transferred to an adult facility. (W&I 208.5(e).)

Extension of juvenile court jurisdiction

To allow juvenile courts to provide the same extended supervision of wards that was provided to the DJJ previously, SB 92 extends the jurisdiction of the court over youth adjudicated delinquent for offenses listed in section 707(b) from age 21 to age 23, and to age 25 if the offense has an adult sentence of seven years or more. (W&I 607(b), (c).) Permits a ward to be committed to the DJJ for a period beyond age 23, or age 25, as applicable, if those age limits would provide for less than two years beyond the commitment date. (W&I 607(h).)

Firm date for closure of Division of Juvenile Justice on June 30, 2023

SB 823 established that intake for new commitments to the DJJ would end on July 1, 2021, with an exception for youth subject to a motion for transfer to adult court; SB 92 clarifies that the DJJ will close entirely on June 30, 2023. SB 823 also included intent language, and AB 145 (Committee on Budget; Stats. 2021, ch. 80) codified that the Pine Grove Youth Conservation Camp shall remain an available dispositional option via a state-local partnership and would not be considered DJJ commitments. (W&I 730.)

Requires any commitments to the DJJ made between the effective date of SB 92 and June 30, 2023, be returned to county jurisdiction to complete treatment if the ward is not ready for discharge by June 30, 2023. Requires the director of the DJJ to develop a plan by January 1, 2022, for transferring jurisdiction over such wards to the counties. (W&I 736.5.) While a ward may be committed to the DJJ after July 1, 2021, if a motion to transfer the youth to adult court was filed, wards who are not eligible for such transfers (e.g., youth whose transfer eligibility was removed by SB 1391 and were under age 16 but over age 14 at the time they committed section 707(b) offenses) will not fall under this exception. Requires that the court first consider whether local alternatives are available to meet the needs of the ward. (W&I 736.5(c).)

Extended detention of persons physically dangerous to the public

SB 92 enacted a new section of the Welfare and Institutions Code that states the intent of the Legislature to apply article 6 (commencing with section 1800) of

chapter 1 of division 2.5, governing extended detention of persons physically dangerous to the public who are served by the DJJ, to persons physically dangerous to the public who are committed to a SYTF, pending development of a specific commitment process for realigned persons and provides that the Governor and the Legislature will work with stakeholders, including but not limited to the DJJ, the California Department of State Hospitals, the Chief Probation Officers of California, the California State Association of Counties, advocacy organizations representing youth, and the Judicial Council, to develop language to enact a commitment process that ensures the treatment capacity, legal protections, and court procedures that are appropriate to successfully serve persons realigned from the DJJ to the counties, to be effective July 1, 2022. (W&I 875.5.)

Requires participating district attorney’s offices to keep specified data and collect it using a template provided by an evaluator; (3) the evaluator to conduct its analysis in a manner that allows for comparison between participating counties and assess, among other things, challenges in

implementation, a cost study, and recidivism outcomes; (4) state agencies to cooperate with, and provide information to, the evaluator upon request; and (5) the evaluator to provide two preliminary reports to the Legislature and a final report, at the end of the program.

APPENDIX G

2021-2022 LEGISLATION RESPONDING TO CALIFORNIA APPELLATE AND SUPREME COURT DECISIONS

| BILL NUMBER AND CHAPTER, EFFECTIVE DATE, AND TITLE | SUMMARY DESCRIPTION OF NEW LAW |
|--|---|
| AB 260 (Stone), CH. 578 <i>Effective January 1, 2022</i> Guardianships | Abrogates holding in <i>In re Kaylee H.</i> (2012) 205 Cal.App.4th 92, in which the court held that in addition to finding that the child comes within the jurisdiction of the dependency court, the juvenile court must make an additional finding about whether a dependency petition is necessary to protect the child; also held that if the probate court has already taken action to provide for the temporary custody needs of the child by granting a temporary guardianship, then the child is determined to no longer be at risk of harm. AB 260 states that it is the intent of the Legislature that guardianship laws in the Probate Code and juvenile court laws in the Welfare and Institutions Code operate together as a cohesive statutory structure that ensures all cases referred by the probate court for a child welfare investigation are subject to review by the juvenile court without limiting the probate court's ability to take immediate action to protect the child while the child welfare investigation and juvenile court review are pending. States that the purpose of this statutory structure is to ensure the protection of every child's health, safety, and welfare and to provide due process to every child, parent, and family. Clarifies that if a juvenile court commences dependency proceedings, the guardianship proceeding shall be stayed, and if the juvenile court does not commence the dependency proceeding, the probate court shall retain jurisdiction to hear the guardianship matter.
