1. The tabled data reflect responses from justices and judges that were active and serving on the bench as of December 31, 2023. The tables do not include demographic information for justices that were appointed but not yet confirmed, nor for judges that were appointed but had not yet taken their oaths of office as of December 31, 2023.

2. The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2020. The same category descriptions were used by the U.S. Census Bureau in Census 2010. See page 24 for descriptions of race and ethnicity categories.

3. "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race only" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories.

4. "Information not provided" includes non-responses by active justices and judges participating in the survey that did not respond to a given survey question, as well as a smaller group of active justices and judges that have not responded to the survey more generally.

1. The tabled data reflect responses from justices and judges that were active and serving on the bench as of December 31, 2023. The tables do not include demographic information for justices that were appointed but not yet confirmed, nor for judges that were appointed but had not yet taken their oaths of office as of December 31, 2023.

2. The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2020. The same category descriptions were used by the U.S. Census Bureau in Census 2010. See page 24 for descriptions of race and ethnicity categories.

3. "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race only" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories.

4. "Information not provided" includes non-responses by active justices and judges participating in the survey that did not respond to a given survey question, as well as a smaller group of active justices and judges that have not responded to the survey more generally.

1. The tabled data reflect responses from justices and judges that were active and serving on the bench as of December 31, 2023. The tables do not include demographic information for justices that were appointed but not yet confirmed, nor for judges that were appointed but had not yet taken their oaths of office as of December 31, 2023.

2. Respondents choosing more than a single Sexual Orientation / Gender Identity indicator appear within the "More than one SO/GI" category. This may include JOs who have reported response alternatives including Transgender + Lesbian, Transgender + Heterosexual, and any other combination of SO/GI response alternatives in the SO/GI table.

3. "Information not provided" includes non-responses by active justices and judges participating in the survey that did not respond to a given survey question, as well as a smaller group of active justices and judges that have not responded to the survey more generally.

1. The calendar years in which the demographic data was released may be found in the first column of the table. The 2015 through 2024 data reflect the number of justices and judges on the bench as of December 31 of the previous year.

2. The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2000. The same category descriptions were used by the U.S. Census Bureau in Census 2010. See page 23 for descriptions of race and ethnicity categories.

3. "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race only" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories.

4. "Information not provided" includes non-responses by active justices and judges participating in the survey that did not respond to a given survey question, as well as a smaller group of active justices and judges that have not responded to the survey more generally.

**Demographic Data Provided by Justices and Judges

(Gov. Code, § 12011.5(n))  
As of December 31, 2023**

**Race/Ethnicity Categories**

*Asian*: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent. The category includes persons who indicate their race as Cambodian, Chinese, East Indian, Filipino, Japanese, Korean, Malaysian, Pakistani, Thai, or Vietnamese.

*Black or African American*: A person having origins in any of the black racial groups of Africa.

*Hispanic or Latino*: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

*Native Hawaiian or Other Pacific Islander*: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

*White*: A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
