Approved by Rules Committee: October 16, 2025

I. COMMITTEE INFORMATION

Chair:	Hon. Allison M. Danner, Associate Justice of the Court of Appeal, Sixth District
Lead Staff:	Jeremy T. Varon, Attorney, Legal Services

Advisory Body's Charge/Membership:

<u>Rule 10.40</u> of the California Rules of Court states the charge of the Appellate Advisory Committee (AAC), which is to make recommendations to the Judicial Council for improving the administration of justice in appellate proceedings and to make proposals on training for justices and appellate support staff to the Center for Judicial Education and Research Advisory Committee.

Rule 10.40(c) sets forth the membership positions of the committee. The AAC currently has 22 members. The current committee <u>roster</u> is available on the committee's webpage.

Subgroups of the Advisory Body²:

- 1. Appellate Division Subcommittee
- 2. Legislation Subcommittee
- 3. Rules Subcommittee
- 4. Appellate Efficiency Ad Hoc Subcommittee

¹ The Annual Agenda outlines the work an advisory body will focus on in the coming year or cycle and identifies areas of collaboration with other advisory bodies and Judicial Council staff resources.

² For the definition of "subcommittee" see Cal. Rules of Court, rule 10.30(c); for "working group," see rule 10.70; for "workstream," see rule 10.53(c); and for "education curriculum committee," see rule 10.50(c)(6).

Advisory Body and Subgroup Meetings Planned for 2025-2026³

Full committee meetings:

- October 2025 (videoconference to review winter cycle proposals)
- February/March 2026 (videoconference to make final recommendations on winter cycle proposals and to review spring cycle proposals)
- July 2026 (videoconference to make final recommendations on spring cycle proposals)
- September 2026 (videoconference to make recommendations on annual agenda)

Subcommittee meetings: one or more teleconference or videoconference meetings of the Rules and Appellate Division subcommittees before each full committee meeting. Legislation Subcommittee to meet as needed to review relevant legislation. Appellate Efficiency Ad Hoc Subcommittee to meet as needed to work on rules and forms proposals.

☐ Check here if in-person meeting is approved by the internal committee oversight chair.

³ Refer to section IV. 2 (Meeting frequency) of the *Operating Standards for Judicial Council Advisory Bodies* for governance on in-person meetings. Note: Because of the current budget and staffing constraints, advisory body chairs and staff must first consider meeting remotely. The chair of the Executive and Planning Committee is extending the suspension of advisory body in-person meetings for the 2025–2026 annual agenda cycle. If an in-person meeting is needed, the responsible Judicial Council office head must seek approval from their advisory body's internal oversight committee chair. Please see the prioritization memo dated June 23, 2025, for additional details.

	Project Summary: This is a joint project with the Criminal Law Advisory Committee. Develop rules recommendations as appropriate. AB 1071 (Stats. 2025, ch. 721) requires amendment to rule 8.385 to allow courts to request an informal response from the state and implement new "plausible allegation" and "prima facie showing" standards. Develop rules recommendations as appropriate. The committee will also consider forms recommendations as appropriate to clarify that habeas petitioners making claims related to the Racial Justice Act must explain those claims in the petition. This change was suggested by the Executive Officer of one of the Courts of Appeal. Clarification of the rules with respect to electronic exhibits was also suggested during the Appellate Efficiency Ad Hoc Subcommittee's work on how to simplify/improve the record preparation process prompted by the suggestions of the Appellate Caseflow Workgroup (see project 6 above). Certain Underwriters at Lloyd's</i> (2025) 112 Cal.App.5th 1108 [order denying motion], and the "single document" rule in <i>Alan v. American Honda Motor Co., Inc.</i> (2007) 40 Cal.4th 894, 904.

10.	Respondent's Designation of Reporters' Transcripts in Code of Civil Procedure section 1294.4 Appeals (one-time project) **Priority: 2b** Priority: 2b** P
	Supported Strategic Plan Branch Goals:
	$ \begin{array}{cccccccccccccccccccccccccccccccccccc$
	Project Summary: Appeals under Code of Civil Procedure section 1294.4 from an order dismissing or denying a petition to compel arbitration must be decided within 100 days. Under rule 8.713, appellants must file a record designation with the notice of appeal and any reporter's transcript must be filed within 10 days. However, the rule does not provide for respondent to designate any additional reporter's transcript. This project would consider amending the rule to provide for respondent's designation and to establish the time for doing so. The project was recommended by a committee member to close a gap in the rule that is reported to have been problematic. Status/Timeline: This priority 2 project was previously included as project 9 on the committee's approved annual agenda for 2024–2025 with a completion date of January 1, 2027, to allow the committee to consider this project alongside other record-related projects. It is included on this annual agenda because it relates to the record designation process, and including this project with the other record designation proposals in project 6 above would promote efficiency and reduce the burden of separate review and implementation of related proposals. Invitation to comment planned for Spring Cycle, with anticipated effective date of January 1, 2027.

This change was suggested by the Executive Officer of one of the Courts of Appeal. Status/Timeline: Pending vendor and funding approval for increased e-filing size limit. 	Project Summary: Currently, appellate division opinions certified for publication are posted on the California courts website after the time provided for the Court of Appeal to order transfer, and only if transfer is not ordered. The current procedures were developed in part based on provisions in the California Style Manual (CSM). The CSM is now under review. This project would consider possible changes to the rules for transfer and publication based on the subject matter expertise of the Supreme Court and the Reporter of Decisions. This is a priority 1 project because it will improve access to the development of the law in unlawful detainer, debt collection, and fee waiver cases, among others.

III. LIST OF 2024–2025 PROJECT ACCOMPLISHMENTS

#	Project Highlights and Achievements						
1.	New Projects and Fees for Expedited CEQA Review. The committee, jointly with the Civil and Small Claims Advisory Committee,						
	recommended amending eight rules of the California Rules of Court governing the expedited resolution of actions and proceedings						
	brought under the California Environmental Quality Act to implement legislation requiring inclusion of "environmental leadership media						
	campus project" for streamlined review and specify the fees that applicants of this project type must pay to cover the costs of the trial						
	and appellate courts in adjudicating challenges to those projects.						
2.	Remote Appearances at Oral Argument in the Appellate Division. The committee recommended amending rules 8.885 and 8.929 of the						
	California Rules of Court to reflect modern videoconferencing technology and facilitate remote participation by both parties and						
	appellate division judges.						
3.	Extension of Time in Misdemeanor and Infraction Appeals. The committee recommended approving a new form for requesting						
	extensions of time to file a brief in misdemeanor and infraction appeals.						
4.	Appellate Caseflow Workgroup Recommendations Regarding Record Preparation. The committee began work to develop						
	recommendations for amending rules and revising forms relating to preparation of the record on appeal.						
5.	E-Filing File Size Limit. The committee began work to develop recommendations for amending the rule regarding the file size limit for						
	e-filing in the Court of Appeal to increase the maximum allowable file size.						
6.	Record Procurement Default Notice. The committee began work to develop recommendations for amending the rule governing default						
	notices for record procurement to clarify the requirements.
