Subject: Assembly Bill 35 (Alvarez) as introduced – Oppose

Dear Assembly Member Bryan:

The Judicial Council regrettably must oppose AB 35, which requires an action or proceeding brought to attack, review, set aside, void, or annul the approval of a clean hydrogen environmental assessment or the issuance of a discretionary permit or authorization for a clean hydrogen transportation project, including any potential appeals to the court of appeal or the Supreme Court, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceedings with the court.

CEQA actions are already entitled to calendaring preference “over all other civil actions” in both the superior courts and the Courts of Appeal pursuant to section [21167.1\(a\)](#) of the Public Resources Code. Imposing the 270-day timeline on top of existing calendar preferences is arbitrary and likely to be unworkable in practice. This limited timeframe is especially restrictive if the court of appeal or the California Supreme Court must also decide some portion of a CEQA case. Even assuming that no extensions of time are granted for any aspect of the proceedings, it takes an estimated six months to get a case to hearing in the superior court, plus the additional time for the judge to decide and issue a decision.

When everything is a priority, nothing is a priority. The courts are overwhelmed with the task of managing complicated calendars with myriad cases – each of which often comes with delays due to extension requests by counsel – but with finite resources and finite hours in the day. As with other legislation creating or prioritizing calendaring preferences, the expedited judicial review requirements proposed by AB 35 will likely have an adverse impact on other cases in the courts,

Hon. Isaac Bryan

so setting a timeline for deciding CEQA cases has the practical effect of pushing other cases on a court's docket to the back of the line. This means that those other cases – including statutorily mandated calendar preferences, such as juvenile cases, criminal cases, civil cases in which a party is at risk of dying, wage theft cases, election issues – will likely take longer to be calendared and adjudicated.

For these reasons, the Judicial Council opposes AB 35.
