**Subject**

Signage and Technology Grant Program, FY  
2019-20: Requests and Proposed Allocations

---

**Background**

The 2018 Budget Act included ongoing funding of \$1 million per year for language access signage and \$1.35 million per year for language access technology infrastructure support and equipment needs for the trial courts. In September 2019, the Judicial Council approved a grant program to disburse this funding on an annual basis. Trial courts were able to apply for grant funding for both signage and technology needs. On October 15, 2019, for Fiscal Year 2019-20,

Language Access Services (LAS) staff released a grant program packet, which included a memorandum to courts on how to request funding and a project request form. The deadline for courts to submit completed project request forms for signage or technology grants was December 3, 2019.

### **Objectives of Grant Program**

The goals of the Signage and Technology Grant Program are to:

- Support courts with the development of multilingual signage to help limited English proficient (LEP) court users to navigate the courthouse.
- Assist courts that may need equipment or software that will facilitate communication with LEP court users and the courts.
- Allocate funds to as many trial courts as possible within the given budget to support language access signage and technology initiatives.
- Fund enhancements that provide LEP court users with greater access to the courts and to information in their language.
- Encourage courts to establish for grant funding an ongoing plan that coordinates with other facilities planning and/or with planned or ongoing technology initiatives that support language access as a core service of the court.

### **Application Timing and Process**

- Applications were due close of business Tuesday, December 3, 2019.
- Recommendations on the allocation will be considered by the Judicial Council at its March 2020 meeting.
- All courts that submit Signage and Technology Grant requests will be notified as to whether they will receive funding.
- Intra-Branch Agreements for the signage and technology grant requests which are funded are expected to be delivered to the Court Executive Officers for signatory approval and returned to the Judicial Council prior to April 30, 2020.

## Prioritization Categories

### *Signage Grants*

Priority	Project
1	Plain language editing and professional translation of signage language that is unavailable in the <i>Glossary of Signage Terms and Icons</i> (at <a href="http://www.courts.ca.gov/documents/lap-toolkit-Glossary_of_Signage_Terms_and_Icons.xlsx">www.courts.ca.gov/documents/lap-toolkit-Glossary_of_Signage_Terms_and_Icons.xlsx</a> )
2	Development of multilingual wayfinding strategies, including electronic displays with automated maps, orientation guides with multilingual interface, and/or other types of multilingual electronic signage
3	Investment in multilingual non-electronic signage (paper, plaques, etc.)
4	Equipment and startup costs for an automated queue-management system that will contain multilingual information

### *Technology Grants*

Priority	Project
1	Interpreter equipment, including upgraded headsets and other communication equipment for interpreters (for example, wireless transmitters and receivers, charging stations, and carrying cases)
2	Telephonic/video remote solutions equipment for LEP assistance both inside and outside the courtroom (for example, speakerphones and equipment for video remote appearances, video remote interpreting, counter assistance, or other self-help remote assistance, including tablets, computer equipment, and monitors) <sup>1</sup>
3	Scheduling software for language access services, multilingual avatars for LEP court users, or other software that allows for accurate multilingual communication between the LEP court user and the court
4	Multilingual videos for LEP court users, including translation costs
5	Audio-visual systems upgrades, broadband service, and/or other infrastructure enhancements (must directly relate to services provided to LEP court users)
6	Multilingual kiosks

<sup>1</sup> Courts that participate in the grant program and request funding for video remote interpreting equipment will be asked to agree to follow the council's *Recommended Guidelines for Video Remote Interpreting (VRI) for Spoken Language-Interpreted Events* (Mar. 15, 2019), [www.courts.ca.gov/documents/vri-guidelines.pdf](http://www.courts.ca.gov/documents/vri-guidelines.pdf).

**Number of Requests and Prioritization Metrics**

A total of 29 trial courts requested funding and submitted project request forms (see attached). Nineteen (19) of the 29 courts requested funding in both signage and technology categories. Five (5) courts requested funding in the signage category only, and five (5) courts requested funding in the technology category only. A summary of the funding requests by prioritization category is outlined below, along with an indication on whether the project can be funded.

**Signage Grants**

- Priority #1:** Plain language editing and professional translation of signage language that is unavailable in the *Glossary of Signage Terms and Icons*: 9 requested projects (9 can be funded).
- Priority #2:** Development of multilingual wayfinding strategies: 14 requested projects (14 can be funded).
- Priority #3:** Investment in multilingual nonelectronic signage: 6 requested projects (6 can be funded).
- Priority #4:** Equipment and startup costs for an automated queue-management system that will contain multilingual information: 1 requested project (1 can be funded).

**Technology Grants**

- Priority #1:** Interpreter equipment: 18 requested projects (18 can be funded).
- Priority #2:** Telephonic/video remote solutions for inside and outside the courtroom: 8 requested projects (8 can be funded).
- Priority #3:** Scheduling or other software; multilingual avatars: 6 requested projects (6 can be funded).
- Priority #4:** Multilingual videos: 1 requested project (1 can be funded).
- Priority #5:** Audio-visual systems upgrades, broadband service, and/or other infrastructure enhancements: 1 requested project (1 can be funded).
- Priority #6:** Multilingual kiosks: 4 requested projects (4 can be funded).

**Statewide Representation**

Of the 29 courts that applied for grant funding, there was representation from the northern, southern and central regions of the state. Court sizes varied with six (6) small, nine (9) small/medium, eight (8) medium, and six (6) large courts applying for funding.

Court Size*	Number of Courts that Applied	Number that Applied for Signage	Number that Applied for Technology
Small	6	5	3
Small/Medium	9	7	9
Medium	8	6	6
Large	6	6	6
<b>Total</b>	<b>29</b>	<b>24</b>	<b>24</b>

\*Court size based on small (2–5 judges), small–medium (6–15 judges), medium (16–47 judges), large (48 judges or more).

### **Supplemental Questions**

Courts were also asked two supplemental questions on the project request form to determine interest in: (1) exploring voice-to-text translation software as part of a statewide pilot; and (2) becoming part of a video remote interpreting program as a provider and/or receiver court.

Thirty-one (31) courts responded to the supplemental questions. Seventeen (17) courts expressed interest in joining a statewide pilot program to explore voice-to-text translation software. Fifteen (15) courts expressed interest in potentially becoming part of a video remote interpreting program (1 as a provider court, 4 as receiver courts, and 10 as provider/receiver courts).

### **Staff Recommendation**

Staff's recommendation is to allocate a total of \$1,000,000.00 for signage grants and a total of \$1,312,266.95 for technology grants to the courts. The proposed allocation will provide grant funding to all 29 courts who applied in the grant program's first year. A table showing the detail by court is attached to this memorandum.

### **Methodology for Reductions**

Under the grant program, no more than \$100,000 is allocated to any one court for signage, and no more than \$135,000 is allocated to any one court for technology, unless total requests are lower than the annual allocation. This required minor reductions for signage as noted below.

#### *Signage Requests:*

Under \$50,000: Each of these requests were fully funded, except for Del Norte Superior Court. After the application deadline, the court subsequently lowered the amount of their request after receiving a quote from the vendor.

\$50,000 and up: Courts were awarded up to 90% of the amounts for these requests to stay near the \$1,000,000 allocation for signage. Further reductions were made for courts where the 90% award exceeded the typical costs for consultation evaluations and/or static signage.

#### *Technology Requests:*

Technology projects were limited to no more than \$135,000 for each court under the grant guidelines. For technology, four (4) courts received the maximum amount allowed, and all other courts were able to be funded at the full amounts requested under \$135,000. The total allowable requests were under the \$1,350,000 allocation for technology, which resulted in extra funding of \$37,773.05. This additional funding will be set aside as a contingency fund to be used in case of need, for example, to help offset unforeseen cost increases for individual technology projects. LAS staff will work closely with the awarded courts to help track progress, identify any additional funding needs that can be covered by the contingency fund, and support completion of individual projects.

For future grant years, especially if the requests become more competitive, a more formalized rubric will be used to score applications based on prioritization.

### **Next Steps**

Following approval by the Advisory Committee on Providing Access and Fairness, Information Technology Advisory Committee, and Judicial Council Technology Committee, LAS staff will present the proposed allocations to the Judicial Council for its review and approval in March 2020. Upon approval by the Judicial Council, LAS staff will notify courts of the approved allocations and will post the awards to the Language Access webpage. LAS staff will also work with Branch Accounting and Procurement staff to draft and execute Intra-Branch Agreements (IBAs) with each court for their projects.
