**Allocation Options for Proposition 47, The Safe Neighborhoods and School Funding Act**

The 2015 Governor's Budget proposes a General Fund augmentation of \$26.9 million in 2015-2016 and \$7.6 million in 2016-2017 to address increased workload associated with Proposition 47. The initiative, which was approved by California voters November 2014, reduces most possessory drug offenses and thefts of property valued under \$950 to straight misdemeanors; creates a process for individuals currently serving sentences for these offenses to petition the courts for resentencing; and, creates a process for individuals who have completed sentences for these offenses to apply to the courts to have these crimes reclassified as misdemeanors. This document outlines potential allocation options for the first year of funding.

**Allocation Methodology Options**

*Please note, the charts of draft allocations provided in Attachments 1-4 (pages 3-6) are for illustrative purposes to assist in the determination of the methodology. Charts of draft allocations are included for Option 1, as well as the first half of the 2015-2016 allocations for Options 2 and 3 (i.e. Option 2a and 3a) but only reflect data through March 2015 and will be modified based on data collected through May 31, 2015. No allocation charts are provided for the second half of the 2015-2016 allocations for Options 2 and 3 (i.e. Option 2b and 3b) because the data has not yet been received.*

Option 1: One Full Year Allocation Using Percentage of Proposition 47 Petitions and Felony Filings

Allocate 100% of the \$26.9 million based on:

- Percentage of statewide petitions for resentencing and reclassification from November 5, 2014 to May 31, 2015 (\$13.45 million); and
- 10 year average percentage of statewide felony filings (\$13.45 million).
- Total of \$26.9 million would be allocated in July of 2015. (See Attachment 1 on page 3)

Option 2: Two Half Year Allocations Using Percentage of Proposition 47 Petitions and Felony Filings

2a. Allocate 50% of \$26.9 million in the first half of the fiscal year funding based on:

- Percentage of statewide petitions for resentencing and reclassification from November 5, 2014 to May 31, 2015 (\$6.725 million); and
- 10 year average percentage of statewide felony filings (\$6.725 million).
- Total of \$13.45 million would be allocated in July of 2015. (See Attachment 2 on page 4)

**Trial Court Budget Advisory Committee  
Criminal Realignment Subcommittee**

2b. Allocate additional 50% of \$26.9 million in second half of fiscal year funding using the same methodology, but incorporating updated Proposition 47 data:

- Percentage of statewide petitions for resentencing and reclassification from July 1, 2015 to December 31, 2015 (\$6.725 million); and
- 10 year average percentage of statewide felony filings (\$6.725 million).
- Total of \$13.45 million would be allocated in January of 2016.

Option 3: Two Half Year Allocations Using Hybrid Methodology

3a. Allocate 50% of \$26.9 million in first half of fiscal year funding based on:

- Percentage of statewide petitions for resentencing and reclassification from November 5, 2014 to May 31, 2015 (\$6.725 million); and
- 10 year average percentage of statewide felony filings (\$6.725 million).
- Total of \$13.45 million would be allocated in July of 2015. (See Attachment 2 on page 4)

3b. Allocate additional 50% of \$26.9 million in second half of fiscal year funding based only on:

- Percentage of statewide petitions for resentencing and reclassification from July 1, 2015 to December 31, 2015.
- Total of \$13.45 million would be allocated in January of 2016.

Option 4: Set-Aside Reserve of \$100,000 for Unforeseen Expenses

Set aside a reserve of \$100,000 of the \$26.9 million in 2015-2016 to cover unforeseen expenses since the data necessary is not yet available because courts are still implementing and modifying Proposition 47 procedures. Options 1, 2, and 3 would be adjusted to reflect this methodology. (Please see Attachments 3 and 4 on pages 5 and 6)
