DIRECTOR'S REPORT

The committee received the following updates:

1. Budget News:

- a. The 2022–23 Budget included \$111 million for facility modifications (FMs):
 - i. \$15.4 million to supplement the existing \$65 million FM budget in 2022–23 and 2023–24, increasing budgets to \$80.4 million.
 - 1. 2024–25 funding will be reduced by \$15 million when a 10-year augmentation expires, reducing to \$65.4 million.
 - ii. \$29.7 million for San Diego—Hall of Justice for Judicial Council shared cost to fund all major systems maintenance to modernize the building.
 - iii. \$24.3 million for new judgeship FMs.
 - iv. \$15.3 million for San Diego—East County Regional Center to correct fire and life (FLS) egress deficiencies.
 - v. \$15 million to expand lactation facility access in courthouses.
 - vi. \$11.3 million for Orange—Central Justice Center to expand FLS systems.

2. County Shared-Cost Letters:

- a. The County of Los Angeles approved 25 outstanding 2021–22 FM and Deferred Maintenance Fund (DMF) project shared-cost letters, allowing projects to proceed.
- b. With unprecedented funding for FM and DMF projects, counties will receive notices of estimated shared costs for upcoming projects to ensure ability to provide funding.

3. San Diego—East County Regional Court (ECRC):

- a. Correction plan developed with the State Fire Marshal for the FLS egress deficiencies and funding successfully pursued in 2021–22 for the multi-year project. The 2022–23 May Revision included supplemental funding and California Construction Cost Index (CCCI) increase for the project. The estimated total project cost is approximately \$42 million, with Judicial Council shared cost approximately \$28 million.
- b. The contractor has been selected and a Notice to Proceed issued. Construction in the occupied facility is phased over four years and estimated to complete in summer 2026.

4. Air Scrubber Policy:
 - a. The policy was adopted by the Judicial Council at its July 2022 meeting.
5. Water Conservation:
 - a. Letter being sent to all administrative presiding justices, presiding judges, and court executive officers to notify of new statewide emergency water conservation regulation effective as of June 10, 2022. It bans using potable water on decorative or nonfunctional grass at commercial, industrial, and institutional properties. It does not prohibit ensuring the health of trees and other perennial nonturf plantings or to the extent necessary to address immediate health and safety needs. Although primarily directed at urban water suppliers, the language added to Title 23 of the California Code of Regulations Section 996 is applicable to the Judicial Council as an institutional water user. The Water Code defines institutional water users as higher education institutions, schools, courts, churches, hospitals, government facilities, and nonprofit research institutions.
6. Cost Escalation and Supply Chain Issues:
 - a. The CCCI has increased approximately 9.5 percent since the beginning of the calendar year. Supply chain and labor shortages continue to affect the construction industry. Multiple capital-outlay and FM projects are affected including the San Diego—Vista Courthouse ceiling-collapse repair project. Many projects will finish late and experience cost increases.
7. Staffing Changes:
 - a. Charles Martel, Supervising Attorney of Judicial Council Legal Services' Real Estate Unit, is retiring on July 22, 2022, and backfilling his position will be Kristin Kerr.

Action Item 1 – (Action Required) - List A – Emergency Facility Modification Funding (Priority 1)

Action Requested:

Approve 56 projects for a total of \$1,276,224 to be paid from Facility Modification program funds previously encumbered for Priority 1.

- List A – Emergency Facility Modification Funding Report (Priority 1)

Priority 1 = Immediately or Potentially Critical.

Condition requires immediate action to return a facility to normal operations, or a condition that will become immediately critical if not corrected expeditiously. Such conditions necessitate the need to stop accelerated deterioration or damage, to correct a safety hazard that imminently threatens loss of life or serious injury to the public or court employees, or to remediate intermittent function and service interruptions as well as potential safety hazards. Such conditions may include, but are not limited to, the following: major flooding; substantial damage to roofs or other structural building components; or hazardous material exposure. Depending on scope and impact, a severe deterioration in life safety protection may also be considered a priority 1 condition requiring a facility modification.

Owing to their critical nature, priority 1 requests will be addressed immediately by JCC staff using internal procedures that ensure timely and effective responses to unplanned emergency or potentially critical conditions, including a method and a process for setting aside funds to address priority 1 conditions.

Priority 2—Necessary, but Not Yet Critical. Condition requires correction to preclude deterioration, potential loss of function or service, or associated damage or higher costs if correction is further deferred.

Priority 3—Needed. Condition to be addressed will reduce long-term maintenance or repair costs or will improve the functionality, usability, and accessibility of a court. The condition is not hindering the most basic functions of a facility, but its correction will support improved court operations.

Five-year Deferred Maintenance Report for Fiscal Year 2022–23	

Summary and Recommended Action

Facilities Services staff is submitting a draft of the *Five-year Deferred Maintenance Report for Fiscal Year 2022–23* for action to submit to the state Department of Finance (DOF). This draft report presents a total of 22,042 deferred maintenance projects at an estimated, rough order of magnitude cost of \$4.54 billion, with the Judicial Council share being \$3.32 billion.

The deferred maintenance estimate is lower than the prior fiscal year because the Judicial Council received one-time deferred maintenance funding of \$234 million in Fiscal Year 2021–22 with a Judicial Council share of \$188 million; and all deferred maintenance was removed related to eight capital projects currently in construction and an additional eight capital funded projects approved. The attached exhibits provide the estimated project cost totals and Judicial Council's total as a result of county equity/ownership.

To comply with DOF's request that staff submit this report on an annual basis for its records, staff recommends the advisory committee approve this draft report for submission to the DOF.
