**DIRECTOR'S REPORT**

---

The committee received the following updates:

**1. 2023 Budget Act (FY 2023–24):**

- The 2023 Budget Act (FY 2023–24) was signed on June 27, 2023, and includes:
  - Funding for signage for the Superior Court of Merced County's newly named Charles James Ogletree, Jr. Courthouse (AB 2268);
  - Trailer bill language to delay the implementation of AB 1576 (Ch. 200, Stats. of 2022) to July 1, 2026, which requires the expansion of access to courthouse lactation facilities for court users. Funding will be provided in 2024–25 to comply with its requirements; and
  - \$6 million ongoing General Fund (GF) for increased trial court facilities operations and maintenance (O&M) costs in nine newly constructed courthouses projected to open in 2023–24.

**2. 2024 Budget Act (FY 2024–25):**

- Two facilities-related Budget Change Proposals (BCPs) will be reviewed by the Judicial Council this week, and if approved, they will be submitted to the state Department of Finance (DOF) for consideration in the Governor's Proposed Budget for 2024–25:
  - Facility modification (FM) funding proposed for \$47.3 million GF in 2024–25, \$40.7 million GF ongoing beginning in 2025–26, \$11.4 million reimbursement authority, and 6.0 positions. The BCP includes \$6.6 million GF one-time in 2024–25 for electrical panel, circuit breaker, and switchgear replacement at four Los Angeles facilities (Alfred J. McCourtney Juvenile Justice Center and Santa Monica, Pomona South, and Whittier courthouses); \$48.1 million ongoing to provide FM oversight and address trial court needs statewide; and \$4.0 million for appellate court FMs; and
  - O&M funding proposed for \$68.0 million GF, \$16.1 million in reimbursement authority, and 3.0 positions to support facility maintenance, utility, and lease costs. The BCP includes \$78.8 million for trial court facilities O&M and utilities;

\$3.6 million for the Stanislaus—New Modesto Courthouse opening in 2024–25; \$669,000 for facility management oversight; \$721,000 for appellate court facilities O&M; and \$331,000 for administrative overhead.

**3. Delegated Courts Intra-Branch Agreement (IBA):**

- The IBAs for the three remaining Delegated Courts in Imperial, Orange, and Riverside counties have been signed. As of July 1, 2023, O&M for the Superior Court of San Luis Obispo County is provided by Enovity, the service provider. The maintenance model for the Delegated Courts has been upgraded to mirror the service provider model. This effort required two major changes: an updated IBA and an updated Computer Aided Facility Management (CAFM) system to align the Delegated Courts’ responsibilities with the Judicial Council’s Service Provider Facility Procedures Manual.

**4. Statewide Solar and Battery Storage Program:**

- Facilities Services is finalizing the solicitation for the Statewide Solar and Battery Storage Program’s Request for Proposal (RFP). It was revised to include lessons learned from the RFP’s initial posting. Most notably, the solicitation has been separated into four geographic regions to encourage local participation and reduced fees. The previous solicitation would have awarded all projects to one firm, and this new structure will allow opportunities for regionalized contractors. The team also reviewed all Requests for Information and revised the RFP to increase clarity on mandatory proposal requirements. Judicial Council Legal Services has reviewed all legal concerns of previous proposers to ensure agreement alignment with industry best practices.
- The solicitation is expected to be reposted in August, with proposal submissions due in December 2023. Contracts are expected to be finalized by the end of April 2024 and systems to be operational by April 2026.

**5. Napa Legionella Update:**

- The third testing for Legionella at the Napa Criminal Court Building took place in June 2023. The test results came back negative and have been shared with Napa County Public Health. One more testing is required and will be shared with the county when available. Judicial Council Facility Services will monitor for chlorine and bromine following the final testing.

**6. 2023–24 Budget Update from Judicial Council Chief Administrative Officer:**

- The Governor is relying on \$42 billion in additional tax revenue deferred until October. If revenues do not meet projections, the Administration and Legislature will have no choice but to consider reductions. The Judicial Council is closely monitoring the actuals coming in and is not seeing a reason for concern. Should the situation change, ample time will be provided to the courts to plan for reductions.
- Several BCPs, totaling over \$1 billion, will be reviewed by the Judicial Council this week, which includes nine proposals and almost \$900 million for operations, and six proposals and \$128 million for capital outlay. If approved, they will move forward to DOF the first week in September.

- The Judicial Council plan to request early meetings with DOF in August to discuss key priorities, and to arrange for site visits, particularly of the larger facilities in Los Angeles that are consuming a large portion of maintenance funds.
- Next fiscal year, another \$10 billion deficit is anticipated, which is beyond the \$31 billion deficit the Legislature solved with the Governor for the current fiscal year. as Also, another \$10 billion deficit is anticipated in each of the two years that follow.
- With the closing of 2022–23, healthy reserves of court operations funds not spent are anticipated and possibly exceed the \$132 million in prior year reserves. Courts will use those dollars in three different buckets:
  - Three percent cap of allowable reserves;
  - Court Funded Facilities Requests (CFRs); and
  - Funds-held-on-behalf (utilized by courts for a wide variety of purposes).
- Part of the conversations with DOF will include the three percent cap on reserves and whether there is ability for courts to save larger reserves to offset General Fund dependence.

### **Priority 1 = Immediately or Potentially Critical.**

Condition requires immediate action to return a facility to normal operations, or a condition that will become immediately critical if not corrected expeditiously. Such conditions necessitate the need to stop accelerated deterioration or damage, to correct a safety hazard that imminently threatens loss of life or serious injury to the public or court employees, or to remediate intermittent function and service interruptions as well as potential safety hazards. Such conditions may include, but are not limited to, the following: major flooding; substantial damage to roofs or other structural building components; or hazardous material exposure. Depending on scope and impact, a severe deterioration in life safety protection may also be considered a priority 1 condition requiring a facility modification.

Owing to their critical nature, priority 1 requests will be addressed immediately by JCC staff using internal procedures that ensure timely and effective responses to unplanned emergency or potentially critical conditions, including a method and a process for setting aside funds to address priority 1 conditions.

1	FM-2003270	Los Angeles	Compton Courthouse	19-AG1	2	Exterior Shell - Replace weatherproofing on exterior of building between glass and frame, frame and precast to resolve existing water intrusion from the exterior windows. Work involves the replacement of the existing joint seals at all exterior windows on every exposed face of the 12-floor facility. The scope of work amounts to approximately 31,500 LF of joints. The joint seals have not been replaced since the occupancy of the building and have lost integrity over time causing water leaks into the building during rain events. The remediation of existing window and spandrel conditions will meet testing criteria and standards defined by applicable building codes and the anodized aluminum components will be cleaned.	\$ 4,094,570	\$ 2,707,739	66.13	5/19/2023	90	YES	Kenneth Street
