Public Written Comments

No public comments were received.

Director's Report

The committee received the following update:

1. Budget Update for Fiscal Year (FY) 2026–27:

- The Budget Act of 2026 (FY 2026–27) provided significant funding to advance judicial branch facilities initiatives including:
 - Completion of several active capital courthouse projects;
 - Construction of shelled courtrooms to accommodate new judgeships;
 - New capital courthouse construction and major courthouse renovation projects;
 - Additional funding for the Orange–Central Justice Center fire and life safety project;
 - 23 courtrooms relocation from the Spring Street Courthouse and design funding to build out shelled courtrooms at the Chatsworth Courthouse in Los Angeles County;
 - Facilities funding to support 13 new judgeships over the next five years;
 - \$150 million for deferred maintenance projects (for which Judicial Council Facilities Services is currently developing a project list for future TCFMAC consideration); and
 - Assembly Bill 1576's implementation deadline—for courthouses offering lactation rooms for court employees to also provide access to a lactation space for any court user—extended for three years until July 1, 2029.
- The Budget Act of 2026 also:
 - Allows the Legislature to authorize, subject to appropriation in the Budget Act of 2027 (FY 2027–28), up to \$1.3 billion for the acquisition, performance criteria, or design-build phases of five capital projects, which are listed in Budget Year 1 of the *Judicial Branch Five-Year Infrastructure Plan for Fiscal Year 2027–28*; and
 - Requires the Judicial Council to submit a report to the Legislature by January 10, 2027, outlining strategies to accelerate and streamline courthouse construction.

2. Judicial Branch Budget Committee (JBBC) Review of FY 2027–28 Budget Change Proposals (BCPs):

- In May 2026, the JBBC approved proposed facilities BCPs—including deferred maintenance, facility modifications (FMs), operations and maintenance, and physical security assessments for existing courthouses—to move forward to the Judicial Council for consideration:
 - Owing to the one-time, General Fund appropriation of \$150 million for deferred maintenance in the 2026 Budget Act, the FY 2027–28 deferred maintenance BCP is reduced accordingly.

3. Update to the Five-Year Capital Outlay Plan:

- The draft *Judicial Branch Five-Year Infrastructure Plan for Fiscal Year 2027–28*, which was approved by the Court Facilities Advisory Committee (CFAC) in May 2026, is being updated to reflect the capital outlay funding authorized in the Budget Act of 2026, and the CFAC will review it through action-by-email prior to review by the Judicial Council at its meeting on July 17, 2026.

DISCUSSION AND ACTION ITEMS (ITEMS 1 – 5)

Action Item 1 – (Action Required) - List A – Emergency Facility Modifications (Priority 1)

Action Requested:

Approve 118 projects for a total of \$3,493,570 to be paid from Facility Modification program funds previously encumbered for Priority 1.

Supporting Documentation:

- List A – Emergency Facility Modification Funding Report (Priority 1)

Priority 1 = Immediately or Potentially Critical.

Condition requires immediate action to return a facility to normal operations, or a condition that will become immediately critical if not corrected expeditiously. Such conditions necessitate the need to stop accelerated deterioration or damage, to correct a safety hazard that imminently threatens loss of life or serious injury to the public or court employees, or to remediate intermittent function and service interruptions as well as potential safety hazards. Such conditions may include, but are not limited to, the following: major flooding; substantial damage to roofs or other structural building components; or hazardous material exposure. Depending on scope and impact, a severe deterioration in life safety protection may also be considered a priority 1 condition requiring a facility modification.

Owing to their critical nature, priority 1 requests will be addressed immediately by JCC staff using internal procedures that ensure timely and effective responses to unplanned emergency or potentially critical conditions, including a method and a process for setting aside funds to address priority 1 conditions.
