To All Interested Parties:

We would like to express our appreciation for the response of the architectural and engineering community to our Request for Qualifications. A well-balanced group of OCCM reviewers and representatives of the Superior Courts read and ranked statements of qualifications. Many fine teams responded, making our task of evaluating the proposals a challenging one. In order to conduct a manageable number of interviews, all of the qualified teams could not be included in our shortlist. Absence from the list is not an indication that we felt the team could not perform the work, but we necessarily had to limit the shortlist to the teams we believed were most responsive to the selection criteria.

Immediate notification of firms on the short-list was critical, since interview dates have been set for next week and the week after (these dates are determined by availability of the Superior Court executives and cannot be postponed), therefore the OCCM had an earlier posting today of firms on the shortlist that will be interviewed. Additionally, notification letters are going out today to each firm that will be interviewed, with additional details about the interviews.

Any requests by firms for information about the selection process will be handled by OCCM managers in consultation with our Business Services area.

If you have any questions please contact me at the phone number or email address below.

Again, we extend our sincere thanks for the participation of all the teams.

Best Regards,
