Agenda/Schedule

Each consultant has 50 minutes to present followed by 10 minutes of questions from the panel. The consultant has 15 minutes to vacate the interview room to allow time for the next consultant team to set up. A panel of 6, project managers, sr. project manager and Sr. Manager will evaluate the consultants using the criteria in the original RFP/Q.

Each consultant should not bring sub-consultants to the interview. No equipment other than a project screen is available in the interview room.

Four consultants will be selected for each region to negotiate an IDIQ contract. These open contracts anticipate future work but currently are not associated with any project.
