| Funding policy   |                      | Postemployment medical benefits are paid from employers' 401(h) accounts. Participating employers identify a portion of their annual ACERA contributions as 401(h) contributions. If authorized by the Board of Retirement, ACERA will transfer an equal amount of Supplemental Retiree Benefit Reserve (SRBR) assets to the employer's pension Advance Reserve Account and treat them as pension contributions. ACERA's Board of Retirement has no authority to demand future payments from employers to fund the 401(h) account. Consequently, these benefits can only be paid as long as assets are available. | The Court established an irrevocable OPEB trust in FY2016-17 through California Employers' Retiree Benefit Trust (CERBT). As of the valuation date, no contributions have been made to the trust. As a result, the funding policy is considered to be the pay-as-you-go method under which contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. | Pay-as-you-go method under which contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. | is a GASB 75 qualified irrevocable trust. <sup>&</sup>lt;sup>1</sup> Alameda, Orange and San Diego are members of cost-sharing multiple-employer OPEB plans. The GASB 75 results shown for these plans were calculated by the plan's actuaries and are determined on a plan-wide basis and then allocated to participating employers based on their proportionate share of plan contributions. Changes in the annual proportionate shares create separate deferred inflows and outflows of resources for each employer. GASB 75 results for the remaining courts are on an individual employer basis where the proportionate share calculations are not applicable. The SCO may want to combine the proportionate share change amounts with the "difference between expected and actual liability" amounts in order to simplify GASB 75 reporting for the combined courts.

<sup>&</sup>lt;sup>2</sup> Census counts for Alameda, Orange and San Diego courts were not available from the plan actuary because their calculations are prepared on a plan-wide basis. They do not specifically track plan members by employer classification.

<sup>&</sup>lt;sup>3</sup> Los Angeles amounts include both retiree healthcare liabilities from our GASB 75 report dated May 22, 2018 plus additional long-term disability (LTD) OPEB amounts from the County's separate GASB 75 valuation report dated October 11, 2018. The "Plan and Valuation Information" section above only provides details from our retiree healthcare GASB 75 report, but the LTD assumptions have a much smaller effect on the total results since those liabilities are relatively small compared to the retiree healthcare results. The LTD portion of "Employer contributions between measurement date and reporting date" is not included in the deferred outflows of resources because that information was not available.

| Funding policy   | The Court has assets designated for OPEB. These assets are in a qualified irrevocable trust. Annual trust contributions will be made on an ad-hoc basis as funds are available. | The County funds health insurance allowances based on a biennial actuarial valuation. The most recent OPEB valuation established the employer contribution rate of 1.78 percent of covered payroll | The Court has assets designated for OPEB. These assets are invested in California Employers' Retiree Benefit Trust (CERBT) Strategy 3, which is a qualified irrevocable trust. Additional trust contributions will be made on an ad-hoc basis as funds are available. OPEB will continue to be paid primarily using the pay-as-yougo method under which the contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. | which contributions to the plan   | Pay-as-you-go method under which contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. | The Court has assets designated for OPEB. These assets are invested in Public Agency Retirement Services (PARS) under the Conservative Index Objective, which is a qualified irrevocable trust. Additional trust contributions will be made on an ad-hoc basis as funds are available. Retiree benefit payments are currently paid on a pay-as-yougo basis from the employer's general assets. | The Court has assets designated for OPEB. These assets are invested with SBCERS in a qualified irrevocable trust. Additional Court trust contributions will be made on an ad-hoc basis as funds are available. No retiree benefit payments are expected to be made from the trust until the assets are sufficient to cover all future benefit payments. | The Court has assets designated for OPEB. These assets are invested in California Employers' Retiree Benefit Trust (CERBT) Strategy 1, which is a GASB 75 qualified irrevocable trust. The Court plans to reimburse itself approximately \$3 million during FYE 2018 and \$2 million during FYE 2019. We have assumed approximately \$250,000 in annual ongoing employee contributions. | assets are invested in California<br>Employers' Retiree Benefit<br>Trust (CERBT) Strategy 3, which<br>is a qualified irrevocable trust.<br>Additional Court trust<br>contributions will be made on<br>an add-hoc basic as funds are |
