Questions regarding the calculation of ENR CCCI values shall be reviewed with the AOC Project Manager.
- (viii) Develop Supplementary Conditions (with AOC and Architect participation and subsequent AOC written approval) that address the Project conditions, modify the General Conditions as appropriate and as agreed upon by the AOC.
 - (ix) Authorization to proceed with each succeeding step in the design process is contingent upon the AOC's written Acceptance of both the Architect/Engineer's and Contractor's independent cost estimates, which when evaluated separately, must both be equal to or less than the Construction Budget.
 - (x) Approvals: Contractor shall monitor all regulatory approvals required during the Working Drawing Phase.
 - (xi) Contractor shall provide the Master Schedule for Construction of the Project. The Master Schedule for the Construction Phase of the Project shall be provided to the AOC, and is subject to the AOC's written approval. Preparation of the Master Schedule for the Construction Phase will take into consideration sufficient time for the AOC to authorize said stage, including any time necessary for the AOC to obtain approval of funding.
2. Upon successful completion of all activities and the successful provision of all deliverables of the Working Drawings Phase specified above, the AOC, the Architect, and the CM shall, in a written and signed document,

State of California Standard Agreement
Contract No. _____ with _____

designate the names, versions, and revision numbers of the final Construction Documents and Master Schedule for the Construction Phase of the Project.

3. Upon the AOC's written approval of the final Design Documents, the Design Documents are incorporated into and become an integral part of the Construction Documents, and upon approval of the Master Schedule applicable to the Construction Phase, the Contractor is authorized to begin the activities of the Subcontractor Bid Package stage:

4. Subcontractor Bid Package Stage

The AOC shall be provided, in writing, with a plan for the division of the construction activities of the Construction Phase work into bid packages.

- (i) Bid packages shall be logical, inclusive and distinct.
- (ii) Bid packages shall be sufficiently comprehensive to secure competitive bids for provision of all of the Construction Phase work of the Project, as documented in the approved Construction Documents.
- (iii) Each bid package shall include a statement of work specifying all work to be performed by that Subcontractor for the portion of the work as shown in the Construction Documents to be solicited, and shall include a schedule or due dates that requires the performance of the work within the timeframe envisioned for such work in the Master Project Schedule for the Construction Phase of the Project. Bid packages shall only solicit fixed price bids or Time and Materials bids with a fixed not-to-exceed amount.
- (iv) Individual packages shall, if the AOC so directs, include a number of additive or deductive alternates acceptable to the AOC. If the bid packages developed include alternates that require the selection and use of particular other alternate(s) in order to ensure the constructability of the Project, the Contractor shall identify them, in writing, to the AOC.
- (v) Each bid package shall, at a minimum, include any flow down provisions of this Agreement, including but not limited to Article 4 of the General Conditions of the Contract (Document 00700) applicable to the Subcontractor's performance for the Contractor.
- (vi) If appropriate, the Master Project Schedule will be provided in trade Contractor bid package. The Trade bid package shall include sufficient information regarding the timing of work being bid to

State of California Standard Agreement
Contract No. _____ with _____

ensure that the Project can be constructed within the approved Master Schedule for the Construction Phase of the Work, and shall provide terms and conditions that will inform prospective Subcontractors that they will be bound to performance within such time periods.

- (vii) Contractor may include, in the bid packages, legal terms and conditions standard to the Contractor for the type and duration of the Subcontractor engagements contemplated by this Agreement, however, such terms and conditions shall not be such that they shall be considered onerous and likely to result in higher bid prices.
 - (viii) All bid packages shall be provided to the AOC as a single deliverable, and are subject to review by the AOC.
 - (ix) Notwithstanding AOC's review of the bid packages, Contractor warrants the bid packages developed shall conform to the provisions of this Agreement. Any omissions, errors, or ambiguities in the bid packages shall be construed against the Contractor and in favor of the AOC.
 - (x) In the event that the AOC decides to proceed with two separate Construction Phases, Contractor shall prepare separate bid packages for each Construction Phase in accordance with section 4.C.4 of this Exhibit.
5. Bidding of the Project: Upon written approval of the AOC, Contractor shall competitively bid the subcontractor bid packages and shall comply with the applicable state statutes and the General Conditions Of The Contract For Construction (Document 00700) and the Supplementary Conditions as agreed upon by the AOC and Contractor. Contractor shall:
- (i) Advertise in trade venues acceptable to the AOC and solicit qualifications from a sufficient number of subcontractors for each bid package to ensure at least 3 qualified subcontractors result from this solicitation. Contractor shall prequalify at least three (3) qualified subcontractors for each bid package, and present such evidence of prequalification to the AOC.
 - (ii) When the AOC has agreed in writing that at least 3 Qualified Subcontractors for a bid package have been selected, issue said bid package to the prequalified subcontractors.
 - (iii) Receive bids for bid packages. Verify completeness of each bid submittal. Verify that the proposer has agreed to be bound by the flow down terms and provisions. Verify that the proposer has agreed

State of California Standard Agreement
Contract No. _____ with _____

to perform with in a period of time that will allow completion of the Project in accordance with the Master Schedule. Provided that the bid complies with all of the above, the bid shall be considered a conforming bid. If insufficient conforming bids are received, unless otherwise directed in writing by the AOC, Contractor shall repeat steps (i) and (ii) above until three (3) conforming bids have been received.

- (iv) When sufficient conforming bids have been received, the Contractor, under the observation of the AOC and the Architect, shall identify that combination of bids and alternates as the AOC may elect to accept that has lowest cost while ensuring the constructability of the Project.
- (v) If the combination of bids and AOC-accepted alternates and all direct costs of the Contractor for construction of the Project including General and Supplementary Conditions, Performance and Payment Bonds, Contractor fee for construction, Contractor overhead and profit, and Contractor contingency results in a GMAX that is less than or equal to the Construction Budget plus 10 percent, the AOC shall have the option to proceed with the Construction Phase of the Project. Contractor shall, upon authorization of the Construction Phase by the AOC, provide the Construction Services. Contractor shall warrant the Subcontractor bid packages against ambiguities, conflicts, or omissions in, and guarantee to the AOC that the total project shall be built for the available construction budget where the aggregate of all trade contractor bids, including any authorized alternatives, shall be less than, but close to, the construction budget as may have been modified by the AOC.
- (vi) If the GMAX exceeds the Construction Budget plus 10 percent, the AOC shall have the option to terminate this agreement, provide additional funds as required to authorize the Project, or, at the AOC's option and as an negotiated service, have the Architect/Engineer and Contractor repeat the appropriate and necessary activities of the Working Drawings Phase, with the goal of modifying the Design Documents or period of proposed construction to reduce the total cost of the resultant combination of bids and alternates to less than or equal to the Construction Budget. Contractor shall endeavor to mitigate any time lost due to rebids or due to the time needed for the AOC to obtain any additional funding when revising the Master Schedule for the Construction Phase of the Project. This re-bidding process may, if the resultant combination of bids and alternates having the lowest total cost exceeds the Construction Budget plus 10 percent be repeated a second time at the

State of California Standard Agreement
