NOTES:

¹ AOC provides graphic of state seal for inclusion in project.

² Architect coordinates for installation of owner equipment in construction documents.

³ Universal cable infrastructure serves data network, telephone, controls, security; interfaces with building automation system.

⁴ Architect selects, designs layout, and provides A&E coordination for furniture (free standing and modular) and storage units; installation drawings/specifications to be provided by separate installers. Contractor shall coordinate with furniture and shelving/files installers during construction phase.

⁵ Interior plants related to landscaping design (in interior spaces) by A&E team would be in scope of construction contract.
