Chair of the Judicial Council

Administrative Director

Director,
Branch Accounting and Procurement

The Judicial Council has decided to request a special prevailing wage determination from the Department of Industrial Relations (“DIR”) for the Building/Operating Engineer position described in Exhibit L to the draft contract included as part of **RFP-FS-SP-2019-03-JP for Facility Operations and Maintenance Services** (the “RFP”). This special prevailing wage determination should identify the prevailing wage for the Building/Operating Engineer which may impact the pricing of proposals.

Because the Judicial Council legally must request this determination 45 days prior to advertisement, the Judicial Council must cancel the RFP to request the special determination. (See 8 California Code of Regulations 16202, subd. (a).)

The Judicial Council will reissue the RFP as soon as possible, but no earlier than 45 days from the date of this notice. The reissued RFP will be amended to incorporate the special prevailing wage determination for the Building/Operating Engineer.

Because the Judicial Council is cancelling *only* the RFP and *not* RFQ-FS-SP-2019-02-JP for Facilities Operations and Maintenance Services, the short-list will be unaffected and remain the same. Only short-listed proposers will be able to propose on the reissued RFP.

The Judicial Council strongly encourages proposers to maintain the work product they have completed to date on their proposals and submit them when the RFP is reissued given that the only change to the RFP will be the incorporation of the special prevailing wage determination.
