10	Attachment C, Pre-Qualification Package, page 5 of 27, Question 6. "Contractor has reviewed and understands the requirements of Exhibit B, Section 7 Safety Requirements."	I searched your website and have been unable to find Exhibit B, Section 7. Where can this information be located?	Please see Addendum items 1 & 2. This question 6 need not be answered.
11	Attachment C, Part II, Essential Requirements for Qualification	The header states, Contractor will be immediately disqualified if the answer to any of questions 6, 7, 8 or 9 is "yes." Question 7 asks if we've submitted a notarized statement from an admitted surety insurer regarding bonding capacity. In Part V, Organization's Bonding and Insurance Requirements, you request a notarized statement from our bonding company indicating their commitment to provide a Performance and Payment Bond for the full amount of the contract. Please advise.	The notarized statement from an admitted surety insurer (approved by the California Department of Insurance) and authorized to issue bonds in the State of California, which states: (a) that your current bonding capacity is a minimum of \$4,000,000.00 for the project for which you seek pre-qualification if you are seeking pre-qualification for the Project is the same notarized statement requested in Part V.
12	Attachment C, Part II, Essential Requirements for Qualification	The header states, Contractor will be immediately disqualified if the answer to any of questions 6, 7, 8 or 9 is "yes." In regards to Question 6 as to Exhibit B, Section 7, Safety Requirements, this may be an error. Although Exhibit B, Section 7, was not provided, I would assume it would be a priority to the AOC for all potential bidders to review its Safety Requirements. Please advise.	Please see response to Question 6 above.
