Statewide California Environmental Quality Act Services
 Solicitation Number: OCCM-2010-19-RO
 Addendum No. 1

#			
1	RFQ – Appendix A	Under firm identification/key staff members, sufficient space is provided to identify 9 key staff. There is no space to identify subconsultants (e.g., traffic), including DVBE's. Is it assumed that if subconsultants are needed, they would be added on a project-by-project basis, and not identified in the response?	The purpose of this RFQ is to evaluate the experience of the prime contractor. Subconsultants will be considered on a project-by-project basis, therefore please do not include information about subs at this time.
2	RFQ – Appendix A	Can we include relevant projects performed by key staff while at other firms? Much of the professional experience we bring to a project has been built over the course of our careers.	Please include any and all relevant experience, even if it was at other firms. We are looking at the total experience of your key staff, not just what they have done with your firm.
