RESPONSES TO QUESTIONS

---

#	RFQ/P Reference	Questions	Answers
1	Page 6, Tab 4, bullet #2- RFQ/P	Will it be permissible to include projects “...within the past seven (7) years”?	No. Projects must have been completed between the past five years. You may elect to include projects that extend past the five year mark, that are comparable to the magnitude of this project. However, only projects completed between the past five years will be considered.
2	Page 6, Tab 4	Will it be permissible to include one (1) project that is currently over 75% complete and nearing substantial completion?	No. Only completed projects will be considered.
3	Page 6, Tab 4-Form 330 Part I (F) Example Projects	Each example project listed must have been completed within the past five (5) years and have a construction cost over \$100M.  Is the above \$100M construction cost accurate?	No, incorrect. Construction cost of example projects should be in the range of \$30M to \$60M.
4	<b>RFQ/P Clarification- Technical Questionnaire, Item #13-pages 159 &amp; 160</b>		Item #13 has value of \$10M in information requested section and a value of \$5M for Item #13 in the instructions section. Both first sentences should read: “List <b>all</b> public works construction projects over \$10M awarded and/or completed in California within the past five (5) years.”
