1	Section 1	I am a concerned Redding citizen who would like to ask if there is any way the historic Dobrosky house can be relocated rather than destroyed. Is there any group organized to spearhead such an effort? If so, can you provide contact information? I would like to volunteer to help.	We have received some interest in the property from the McConnell Foundation. You can try contacting them at 530-226-6200.
