RFP NUMBER: RFP CFCC24-187RB

ANSWERS TO QUESTIONS:

- Are you open to out of state vendors? If so, what is the additional documentation needed?

Yes, we are open to out of state vendors. There is no additional documentation needed except those required in the RFP including but not limited to Section 7.

- Have you worked with a consultant in the past for these services? If so, who?

We have not worked with a consultant in the past for these services because this RFP is developed in response to a new legislative mandate.

- I see there is a maximum per day speaker fee, is there a maximum training session fee?

There is no maximum training session fee. Training session costs need to stay within the total amount of available funding (\$150,000) and inclusive of all expenses. If this is asking if attendees are charged registration fees, the answer is no.
