Addendum No. 4

Statewide Access Systems, Video Surveillance Systems and Maintenance Program

RFP No. ERS-041007

Action Requested

Please review the attached clarification to the RFP.

RFP CLARIFICATION

The AOC wants to ensure that bidders understand the change to the maintenance pricing sheets and section 4.1.2.1.3 (Onsite Maintenance Services) and how this impacts the requirement to provide maintenance services for the contract term.

Clarification: As stated in section 1.3 (Project Overview), the contract award will be for “an initial two (2) year term and three (3) one-year options”. As such, an awarded contract will include the vendor’s proposed products and maintenance services. The initial term and the option years will include the maintenance services.

Vendors should consider any applicable price or cost escalations for maintenance services during the option years. Section 3.2.3 (Maintenance Services and Spare Parts Availability) requests the vendor to “submit its terms and conditions for maintenance services”. Such terms and conditions may include vendor’s proposed language to address price/cost escalations during the option years.
