

# ADMINISTRATIVE OFFICE OF THE COURTS

## QUESTIONS AND ANSWERS

**RFP Number: ISD 200814-RB**

### **Themis System Development Project**

**May 7, 2009**

---

1. Are each of these new positions or are there incumbent vendors currently in these roles?

Answer: Each position is new.

2. Do you anticipate awarding this RFP to one vendor or will you select candidates possibly from different vendors to interview in order make up the 3 person team?

Answer: Three candidates will be selected, possibly from three different vendors to make up the three person team.

3. Do they require functional knowledge of the systems used, and what technologies are required?  
Thanks.

Answer: The candidates are not expected to have knowledge of the existing applications. However, the Application Architect/Data Base Analyst is expected to have working knowledge/experience with the following technologies: ColdFusion 8+, Java, OOP, Oracle 10g+, HTML, CSS, JavaScript, XML, XSLT, Frameworks, ColdFusion Reports, and Crystal Reports. Please see sections/paragraphs 5.3 and 6.1.3.

4. What is the current application and subsystem software?

Answer: ColdFusion 5 and Oracle 8.

5. What is the current platform (including database) for CAPS and the subsystems?

Answer: UNIX and Oracle 8.

6. According to the RFP, the Application Architect/DBA will 'travel as required' and this is the only position where travel is allowed. Is that correct?

Answer: Yes.
